ABSTRACT

History of Israel indicates a painful birth and continuance amidst hostility with neighbors. Always decided by paramount powers from afar. Palestine formation followed decades. Jerusalem region was reserved for the proposed nation of Palestine. Israel kept throwing tactical spanners in the path of Palestine nation until 1966. Practiced territory occupation by raids & skirmish; insulating self by verbal barbs & border barricades; aided-&-abetted by US. Declared shifting of capital from Tel Aviv to Jerusalem. Jeru solicited governance. Aviv glued guile. She belittled & set aside UN resolutions and international treaties. Rejected two nation motions. Might to make all wrongs as right - leased free from US. Arabs unrealistically united. Failed, fell & fractionated. Palestinians resisted in continuum here, there & everywhere. Her subjects chose altering models of resistance – violence being one (alike INA-India). Everyday has been blood-let day in the life & times of the twin nations. Israel metamorphosed to pseudo Sparta; blazoned self as the solver; silent global hegemony; discounted others; permeated US & EU. Secretary of State & Treasury are Jews (Janet Blinken ~ tip of the iceberg). Lovely minds, neat hands, blood stained. Emboldened embroiled in covert long scope deep clandestine anti-Russia operations e.g., Poland-Ukraine. Russ countered late via 7-10 @ Gaza. Mosad has two and Aviv four fronts, respectively ~ next 2 yrs+. Setting Russ on fire set more on self. Core Palestine is phagositised by IDF; Gaza {pan-global largest city province} was free of IDF. International press feigns as if Gaza is not Palestine. Other national navies; armies; people & press are mobilizing. Israel is extension of US into Asia. US has repeatedly bombed Asia – Palestine\Gaza is the fresh in the series. Corner-to-corner globally US is the villain. HAMAS-IDF are brutes. Aviv-Washington, more. Strife is now status quo. Here to stay. Loss for lovely Jews, family welfare & Jewish culture worldwide –quinquennial period; oblivious of leader's hidden agenda. Desired home & peace. Designed fights. Israel & Palestine have no natural resource; over populated; fiscally draining; getting poorer; cannot continue (alike IIIrd Reich), no territory, not a trophy, nothing. Most nations are with Palestine. Atlantic public cares not. Press selectively up-regulating the nasty. Global order shifting (i) minoritism to majoritism (ii) calling out double speak & poly standards. Pre election Democrats desire to bomb Iran; Likud's prefer Lebanon. Common target Iraq. Law-makers love any so long there is money (secular mayhem makers). Democrats shall retire 'stinking rich'. US citizens feel 'prosperity comes home whence homes & hearth are destroyed outside US' ~ attitude nationale. Standard. US is strange civilization (The Gandhi was right). Aviv bound self to such capstan. US-Israel is one & the same; mask has come off. Israel is vassal. US has extended itself into Asia-via-hawks-@-Aviv. Drove doves away. Palestine lies entirely within Israel's boundaries. Gaza is a province of Palestine. Jewish Autonomous Oblast was the 1st Jew province provided by USSR (1934). Aviv has betrayed. US citizens & Aviv are destroying a province of Palestine (Gaza). Dominance & Resistance is in play. Jews world-over shall remain castigated due fault of Washington-Aviv. Jewish despicable revision-less sever-vehemence as exhibited during Christ's crucifixion re-done @our times-2023. Save & except state sponsored terrorism there is no combat/war. If any, it then has been lost by Ivrim. US is practicing Proxy-Apartheid ?

INTRODUCTION

Israel was attacking and counter-attacking Palestine (Gaza) and Lebanon all through since 2020 ~ 2 nations Vrs 1 [WWW-1]. In a controlled manner – objective was to defeat domestic political opposite party. She was also being attacked. Tel Aviv (a democracy) used Gaza & Lebanon as punching bags in pre-election periods including entire 2023 [WWW-2].

Objective ? psychosomatic vote swing – Machiavellian [WWW-3]. Death & destruction caused by such sphincter actions was not being reported by the best of the west's press. She has grabbed land from Gaza; Lebanon; Syria; Jordan; most of main land Palestine; and has settled a part of her sub-population – as she has a birth rate @ 6/couple and anthropomorphically is bursting at the rims. Ruminant population in Israel is almost nonexistent. Post 07-10-23 she is evacuating and also retracting. De-humanising prosecution is current

in Gaza. In about 6 hrs of blitzkrieg operation HAMAS-or-Gaza (HoG) clocked a gory tale of 1400 casualty covering 22000 sq Kms. In retaliation, US-&-Israel (SuI) jointly clocked 10 times casualty in 1200 hrs from 400sq Kms. HoG exhibited astounding sphincter strike & hostage taking capability across the most fortified border in the world (with auto alert & response system). Ordinary Jews abhor prosecution & retribution. Rich & officer Jews abhor competition, are possessive about revenge with a deep taste for flesh-for flesh & fire-for-fire. Not all of SuI desire such mongering 24 x 7; un-civil retaliation as is being done by the ruling dispensation at Tel Aviv. Hence, not Israel my Lord it is Aviv @ 23 that becaused the conflagration and has lost the war. Yes Mi Lord U have heard it right. Palestine formation with Jerusalem as part of it is integral of all UN & non-UN resolutions. Between 1922-45 due to prosecution of Jews in Europe Jewish migration to Palestine region multiplied 10 times. Whereas, Muslim population only doubled. This means the regional Muslims helped the Jews [Encyclo 2018]. During the preceding period, Russia (Christians) helped the Jews survive existential crisis [Holocaust]. Even a hospital by Indonesia runs in north Gaza [Indonesia]. The Gandhi supported the formation of Palestine i.e., 2-nation theory. As of now 5 nations are involved militarily against Israel (Palestine; Lebanon; Syria; Iran & Yemen) and 2 nations very astutely (Kuwait & Turkey) almost 5 other nations apart Cyprus & N Korea are up-&-about against her. Russia & China the 2 super powers are opposing her as never before. Even Brazil & Cuba are on board. From international perspectives she is encircled & out-numbered. Being an extension of USA into Asia's oil orchard, cares not. Oil is liquid gold ! Infantry invasion is now fraught with uncertainty. Israel alike Sparta worked on 'war as worship' 24 x 7. This is Israel led US conducted proxy war; being countered by a pan-global confederation. Very complex mechanics. Calls for the sharp-ears & eagle eyes of history-&-heritage scholars. My Lord, it is a case of 'Today's politics Is Tomorrow's History'.

Aims & Objectives: To topically discuss History in the making i.e., current history. Internal evidences. Less known aspects and minor details about Gaza. Any hidden hand? Any external players ? Gandhian Vrs Violent model of conflict resolution. etc.

METHODOLOGY

Press reports. International forum resolutions. National viewpoints. Official statements. Peer review papers. Popular publications. History-&-Geography. Economics-&-Social indicators. Etc.

Transpiration: Gandhian mode & method of non-violent route to opt for (i) litigation, leading to (ii) arbitration, leading to identification of prime stake holders; fixing of issues; labeling others as 'interveners' has been rejected (B) Hawks drove Doves away; arsenal makers dictated current history; rule the roost (C) Tel-Aviv and the US posit as one-&-the same i.e., made for each other; mask has come off. Provided opportunity to US to bomb Asia for the 6th time (D) US + Israel conjoint make the super-ultra power on earth are seen combating a mini province – 400sq km- and (E) Operating with full might from Israel as a Asian member nation - against a freedom asking yet-to-form Asian nation (F) American people demanded & participated that some part of the world outside the US be bombed severely – on some pretext; are happy that prosperity has come home; bombardment window being short are not frankly happy – as truce is on the horizon – not rejoicing; strange civilisation (G) Civilisational historical-wisdom status noticeable (H) eminent American commerce cajoled free press drummed all the way; incessantly up-regulates the nasty (I) any talk about Gandhian or even as Chamberlain's method are conspicuous by absence (J) divide-&-rule in display (K) weapons used 24 x 7 are external supplies (L) in 60yrs America bombarded Asia 6 times – pre elections (M) US arsenals of deep destruction on abundant display (N) civilian technology and assets created – during the previous 50 yrs - with pan global money market mechanism being used for military, profiteering, blood-&-gore objectives (O) UNO has been belittled and side lined 100% (P) Gaza is a province of Palestine – fact buried – she was sans Israeli presence pre to 1-11-23 (Q)

HAMAS's principal objective is liberation of Palestine – chosen path being violence. Palestine -other than Gaza province - is entirely engulfed and encircled by Israel – factually Palestine does not exists as a nation (R) civilians targeted by bullets in place of ballots (S) neighboring sovereign nations have also been –surprised-bombed with an aim to expand new weapons testing domain (T) new concept in democratic statesmanship history (U) state sponsored terrorism (V) massacre/genocide prominent (W) post 7-10-23 Ukraine front & occident's anti-Russia rhetoric has taken a steep downturn (X) tele-connection between Ukraine-&-Gaza episodes with prominent role of Israel-23 (Y) realignment of opposing and supporting nations (Z) Israel is vassal state of US AND it personifies the extension of US into Asia.

Main Thesis: Gaza (*Land-of-plenty*) part of Palestine state is now overflowing with cash, food & fuel – all for free on indefinite time-scale support basis. Pre to 7/10/23 it was not as much. Her census is young\youthful with no Govt., (alike US invented Taliban). The opposite is a fact with the nation @ Aviv. Everyday Aviv's cost and debt are spiraling. Young Israeli citizens mostly live & work on the either side of the Atlantic while their senior citizens stay put in homeland. All Jews across the globe are also dual citizens of Israel (piquant). Doles from such people is acutely inadequate. Hence Christians have to foot the bill (bombardment-invasion-occupation heads of a/c). Attacking Gaza is same as attacking Palestine the nation. Israel should have taken up the matter with Palestine authority (*note – i*). Not doing so proves that Aviv discounts such nation. In other words Aviv is a law unto itself for the entire region. Hence stalemate. The longer the stalemate the larger be the down-the gutter of Christian cash this Christmas. Hence US may withdraw by pre to onset of Christmas warranted shut down & Jerusalem-Bethlehem's mass & special ritual sake. Reuters [WWW-4] on 2-12-23 informs that even Christmas Tree ritual-festival at Bethlehem won't be held, solely due Gaza problem (*note-ii*). The intangible heritage related internal evidence component (for our Bench) is that there is on-ground cross-religion empathy for Palestine. There is a deep disdain for bloodshed. Christmas also meant a lot-of-revenue for Israel. Why ? For the route to Jerusalem is via-Tel Aviv (mostly air-passengers). The reverse likely with Gaza (*note-iii*). Israel my Lord, has lost the economies of scale and her revenue a/c shall keep sliding ~ decadal ! From Polska-to-M East via Ukraine Aviv has been involved since 1970 (USSR – Afghanistan). Stalemate ! Low technology munitions are being tested against precession best (supporting lead). "He who lives by guile – gets guile surrounded. Israel the fast progressing nation has now 'mud-in-mouth' and 'mire-on-face'. Large scale homicide is afoot. Fetuses are being stymied. Lawful adjudication is called for. My Lord.

Gaza was Jew-land pre to Christ, Greeco-Roman pagan there pre. They have been prosecuted from ~c.100 A.D., until 1950 by Christians and intermittently by Muslims between c.14th –to-present day [WWW-5]. Remained Christian (with others) until Crusaders were defeated (1260). It is now 100% Muslim land. Israel is 100% practicing Jews. Jerusalem (Bethlehem 10Kms apart) are super-centers for Jews (King David's place); Christ-&-Christianity (birth place) & Moslems (prophet ascended heaven from here). The two centers are in-between the two present warring nations. Bloodshed has always been a part of this land. Such paws are the cause. Oil & natural gas is the other paw. The 3rd invisible being US's covert desire to be in Asia. Dominance & Resistance is the trunk. No place for brain. Only heart Sir. Indeed My Lord.

Geographically history of the Jews indicate them to have been prosecuted who forced-lived as Euro-Bedouins (*Banzaras*) and labeled as 'cunning'; 'have penchant for covert operations' and 'irrepressible', etc., [Felsenstein 1990]. All Jews are not so; however they have a passion for taking political sides, covertly peruse independence, land encroachment, be rash. It is dyed hard. There is a huge sub-population of Jews outside US & Israel which does not represent Aviv's way of conduct – in-fact tacitly are opposing in mind & kind conditions. Israel does not represent all the Jews. Such Jews have not lost the war. Why ? for there are Jews in the Russian

& US defense forces ever ready to fight each other – for respective motherland’s sake. All the superior arms & ammunitions that are in the US or in Israel can be used by the other anywhere-anytime (as if) US-&Israel are one & the same ! India does not have any such partner, any such policy. Furthermore, HAMAS हरकत अल-मुकावामा अल-इस्लामिया *alias* (erosion via harassment by the peaceful) and or हिजबुल्लाह (Lord’s League) are intently & very steady anti-of Pak as because from Arab perspectives Pak is US’s vassal state. The twine are also officially pro-India and against guile & appalling deed doers. Either are not anti-India jihad parties. The sole anti-India Jihad party is Pak (supporting info). Hezbollah-HAMAS are freedom & nationhood demanding political parties with violence as an option. Just alike INA (Subhas Chandra Bose) ? [CIA 1945]. Please reserve your poise on such averments in the domain of (i) theoretical (ii) interpolative history, My Lord.

The Embedded Hand: Bhattacharya [a-2023] in his communication on “Ukraine Imbroglia” has opined that Israel had an excellently hidden all pervading hand in such imbroglia. That, Team -Aviv (as different from all Jews pan global) had set-on-roll a global dominance doctrine. Arab nations? engaged in fouling each other. Nevertheless, maintained an undercurrent doctrine that “Israel is an Evil State” [Haaretz 2016]. As on 2023 ? Lame Ducks. Ha ha ha ! It metamorphosed Aviv into a ‘champion professional fowler’. Aviv infiltrated EU’s all heights & widths. Slightest of opposition or even any suggestion at any level or depth of public\govt., was wailed and methodically cried down – from either side of the Atlantic - as anti-Jew to the point of free purchase of complete insulation thereof & thereafter (embedded state sponsored; alike VLSI with steganography). Thence, promoted ‘Brexit’. The past master and the ‘Prof. of Guile’ missed the woods for the trees. Thereafter, genius Aviv permeated all echelons of the US’s administration; in 2023 Janet-Blinken being the tip of the iceberg. Failed US policies worldwide; posited self as indispensable (US interest perspectives). Did not want Silesia & central euro Jews to come at-par with Dead Sea brethren; debacalised their dream and destiny. Worked an excellent long scope design against Russ and had set on dismembering it - for decades with sterling success. NATO got pregnant ! India ? merits serious inquest. 2000 yrs since the Christ on the Cross the world’s sub-populations stand the specter of crucifixion on the alter of Zion’s zest for zenith ? Russ and her friends deciphered it and engaged Aviv in its backyard and from all around. Present politics. The role of Ukraine in Euro was re-enacted in Asia by Gaza ? The common hand at the joy sticks being Aviv. Aviv stands unmasked as the master of ‘dive in-divide-disengage-destroy-re engage – get not to be seen’ which is a broad spectrum model of ‘Divide-&-Rule’ [Triana c.1600]. It is a neo-morph variant of ‘Coercion Theory’ [Robinson 1985]. Pioneering innovation-cum-use by Aviv@Dead sea (*note-iv*). Hereon, Aviv will have to rescind such doctrine. There are no alternatives. Learned pens and informed pals from across the world shall now-on hold even simpleton/unconnected Jews with sympathy & shuck in place of empathy & embrace. Alone may stand the professional fowler for long (*note-v*). All these construe as vital aspect of our Thesis. My Lord internally evident, validation due !

Knee Jerk Reaction – India: In every sphere of life “much that wisely may be thought – cannot be said” [Peacock 1855]. India’s CEO cannot & should not exhibit knee jerk reactions [Council 2023]. Should be done by Jr. officers ~ can then with ease be altered. Why ? Israel ‘the promised land’ and Jerusalem (pristine hove) पवित्र स्थानम् and देव स्थली) have a blood – trounced very complicated history of 2000-3000yrs in continuum. Wrong foot forward is a wrong on to all stake holders = political blunder with ramification on Indiaka defense forces. It may lead to unnecessary and fruitless bloodshed of the Gallant Indian soldier, police force & the Gentlemen officer. My Lord, self apportioned righteousness is stupidity i.e., bad defense. Personal indignation cannot be official pronouncement. Piped through constitutional ‘Checks-&-Balances’ air punching possible. In English, Partner = part taker. Israel’s being innately connected with the US its behavior is also decided by the outcome of US elections. Israel or the

US will never partake any of India’s physical difficulties. HAMAS & Hezbollah & Palestine have been with the Largest Democracy & vice-versa through thick & thin. They do not matter as much their Union\Federal administration do. Defense of India runs via Palestine ? Indo Arab policy has been made to waffle by the brilliant professional fowler ? Current History, My Lord !

Jews Global Spread: Facts ! My Lord. Practising Jews are devote, docile & meek alike Sanatan. Non practicing Jews are ruthless; a load & a bane for all and any (so told). US elections up swing period commences in another 6 months. The ruling dispensation at Capitol Hill will have to commence indiscriminate carpet bombing – most likely of Syria & may be even of Lebanon. Easy, but very distant. Iran is ruled out – as they have long range low RADAR cross section drones in hundreds. Flotillas have been sent and positioned. Her Treasury chief (Janet Yellen) has acknowledged that the US is fighting in the Ukraine and can now open a 2nd front [Mint 2023]. She is a non practicing Jew [WWW-6] of Polish origin; Antony Blinken is also a Jew. Such averments has not come from the military – it has come from the US’s political side hence is far from real time value. May be pre-election posturing ! Tel-Aviv my Lord has lost the command. The command-&-control is on the other side of the Atlantic. That command appears as a composition of fistful non-practising Jews alike Blinken Janet caucus. These few are diabolically different from the general Jews (practising) that we get to see. Defense be the core of foreign policy and history is that branch which creates a cool-deep shade. History-heritage is also supportive of ethics. Deviations (between current politics-ethics) as & when if any is marked by saber rattling. Ongoing My Lord. Scholars need to put ears to the ground and make running commentaries about rumblings whence others do not, as do अधिवक्ता (advocates), My Lord.

US Direct Involvement: A dual front-war cannot commence in weeks time nor terminate pre to US general elections. EU is playing double agent-role so that the Green back may slide down irreversibly. France shall be the single largest looser from among the non-participating nation. She has been exploiting Africa [IERI 2019] & muddying the Mediterranean [WWW-7]. She & her like minded EU compatriots shall carry the EU. No alternative. At borders relief has started rolling. Borders are being forced opened. Oil embargo on the US has been called for [Wall]. US armada call back has been voiced and opposite navies are stepping in e.g., Turkey [Daily]; China [South], etc. Many nations have snapped diplomatic connection with Aviv [Hindustan]. First time in history. Almost all the silent or active supporters (>60) of Palestine have sent tomes of relief [Al Za; Reuters-a]; Nations supporting Israel have suspended [Reuters-b]. Thus a realignment is noted which is N & W vrs S & E. Few spine chilling strikes; a thousand killings sum up as battles and not war. The objects struck are mostly un-armed. US my Lord has also lost the war. Flotilla’s may float around doing non-fructuous maneuvers. US needs ‘speed’. Opp., party needs ‘slow’. My Lord, latter wins !

Note, My Lord. Not all of US is fighting. Only a fistful US Jews are doing that. Not all Jews are fighting. Only Aviv politicians are doing so. The conflagration has got converted from ‘धर्मयुद्ध\Crusade\Jihad’ to that of east-west contest. The west comprise of Jews & Christians. The east comprise of Orthodox Christians; Jews; Buddhists; Muslims & all. Similarly, more nations (new friends) have pitched in for Palestine. Unique in the history of the middle-east. Mahatma Gandhi has also been indicated as a ‘Revolutionary’ [Guardian-a 2015]. For most nations across the world HAMAS or Hezbollah are desperate fighter groups having “revolutionary justice” as their model for attainment of political objectives which needs co-relating with Che Guevara; Subhas Ch Bose; Lech Walesa; et.al., [Ganguly 1983]. Opportunity for social science scholars ! Rich nation civil societies far from quenching the aspirations & needs of evolving nations have failed in democratic institution building. My Lord – rich democracies have run riot.

In Ukraine Christians were killing Christians. Due Gaza, US management’s money mining has dramatically altered. Hegemony is

her priority No.2., Asia occupation is her priority No.1, respectively. It is a matter of time by which Sanatan calls out. Intra-nation and intra-religion force multiplication is slow afoot; shall lead to stable boundary phenomena. Eminence of Aviv is past zenith. Alike Hitler's Berlin, Aviv is an "impish provocateur" [Time 2016] and an anti-dove. She professed profane friendship with Russia yet extensively designed, developed & operated the Ukraine imbroglio. Used UK; Polska; & France primarily yet remained superbly masked & as a mirage delivered blows after blows onto friend Russ ! Took complete control of Boris Johnson & Liz Truss mind-&-action. Made them attack Russ. To do so, Aviv identifies superfluous persona-&-characters, measure their traits & assess the islamophobia attitude in and convert each to Russphobics or Arab baiters & under miners. Has also, set up a vast matrix of Jewish sleeper agents (4th pillar included) who cry-sob-hammer-&-yell 'anti-Semitism' at the fall of an hat across the Atlantic, in unison. Such model has been yielding sterling results for Aviv ~ for two decades. The overall investment in terms of time-&-money is mini. It is efficient & repeatable. 100% geo-politics. Dangerous. Judean model, My Lord ?

India (due her core competence) should either help reform such anti-dove cum hideous mongrel and neither stay-put nor Hob-Nob and or harangue-haggle with wrong groups for that shall for sure beget to सर-ए-ज़मीन हिंदुस्तान (apex-land-Hindoo) mounds of misfortune & loads of loss. Misfortune on to nation-society evolve-&-befall over decades (slow-flow process). Not instantaneously. UN debates, resolutions and other global forum records show such fact. Fistful Jews catalysed 7/10/23. It is the US that is pulverizing Gaza as had it done in Germany; Japan; Vietnam; Yugoslavia; Iraq; etc. Aviv is the front office & desk man. Real operators are US citizens. The devout Yahudi mask has come off. The person behind is American ! Such hawks shall not-&-never come to combat beside the gallant Indian. A 2nd marriage of India with such entities may be theoretically desirable save & except ifs-&-buts ? Think My Lord.

Aviv's master and their group have lost the war in-spite of perfect style. The septuagenarian in the White Jail cares not. Knows a lot. Clinton also pulverized & killed Christians (in palpable territory) in coalition with EU in Europe against a European nation with a frank agenda to cull socialism. Pulverizing a few hundred buildings, demolishing a few thousand hearths is not war neither victory. It is terrorism. State sponsored terrorism. Muonography guided i.e., moun particle image based [Dobrowolska 2020] 'deep piercing precision projectiles' [WWW-8] with such munitions being isotope tipped & isotope filled are being used [BBC-a]. Against bare hand civilians. It is all made in US and used by the US. Ferried by US carriers and even partly launched and-or guided from such decks. They are teaching the way of mass destruction and mass murder. But then 9% of the US Senate and 5% (only) of the US Congress members are Jews. Mr. Blinken a non practising Jew (alike Janet) has failed the 'Jew's world cause' as has Zelensky the non practicing Jew failed the Central Europe Jew-Land cause. These non-practitioners are intimately connected with Tel's treasury benches and horrendously disconnected with the common faithful Jew. Practising & non-practising groups are different & distinct. Aviv bothers least about global ramifications. It has fashioned its mind-set and positioned self as alike the ultra power m/s USA. Logical. As she-&-he are one and the same (Is-Us). The ordinary (majority) Jews are hard working, empathy full, patient, focused, result yielding and reliable. Are a haunted lot. They Frankenstein early. With easy can be used and abused. They are veering round. This war from the occident's point of ethics has been lost. Physical loss is around. Should a handful of yankee soldiers get killed (as had happened at Okinawa; Saigon) then the US Houses shall coalesce as unicameral and ratify the use of WMDs. The occidental press shall then in unison press for obliteration of the obstinate. (say, per chance) The moment the US citizens rescinds money mound from mind the US administration shall step out of Gaza (mishandling); home-&-hearth wrecking shall stop. It is the American citizen and their civilisational values that is the vanguard of blood-&-gore. Yes My Lord.

Israel 's size is 1/7th of Nepal (India is 22 times larger than Nepal). Her Gross Domestic Product is 612 times less than that of India. Her Gold & Foreign Exchange Reserves are also 5 & 2 times respectively less than that of India's. Yet she has by datum 22/11/23 cloaked a war cost of 42 Billion US \$ for releasing a part of her 250 civil hostages. 42 Billion = 12% of her annual GDP which translates as liquidation of her Gold & Forex reserves in full. More than 18,000 MT in form of bombs have been dropped on Gaza (primarily N Gaza) which in total is 1.5 times more than that of Hiroshima. Other incendiaries are not accounted in such number. Israel cannot make such volume of arsenal (bombs). And, Gaza's sea & air escape routes were blocked by the US navy, air & satellite forces. Land route being blocked by the Israel army. Gaza was put into a conundrum and then bombed. In previous wars Israel did not do so. This time she followed the US model (total murder). The American people (as alike at Hiroshima\Nagasaki\Vietnam, etc.) have made it, delivered it and have full funded it. Although on face such events-data appears as alike medieval-ancient historical period activity in fact it is not so. It is continuation of Pentagon's IInd -WW model [Nz 1945]. In Gaza 41,000=00 homes have been destroyed; 27 out of 35 hospitals have been attacked [Associated]. People were evacuated pre to strikes ? Not really a peace loving people's work. Any Magistry ? No Sir. The long hand of the Law is conspicuous by absence. The long hand of the Atlantic is present ! US in the garb of Aviv has transgressed all civil thresholds [Human Rights 2021], once again. Options galore for inquest, My Lord. US citizens love war, bloodshed & violence such much so long it is outside the USA. As homes-&-hearths outside US are dealt with in a Palestine's province, US citizens splurge on domestic products as a result US's economic indices show upwardly trend [IIFL 1923]. Carpet bombing; killings; home-&-hearth busting fill her coffers. *Prima-facie* material evidence. Strange civilization ? Factually, are in barbarian medieval stage of civilization evolution scale. Such citizens\society are full steam funding the bombardment (as they did in Vietnam-Yugoslavia-Afghanistan). Precedent-after-precedent. The problem lies with the US citizens. Thus such society and its system also elect/throw up blood hounds & merchants of mayhem who flamboyantly posture perfect in public (opposite of Gandhian-Mandela model). US citizens care not for civilisational self control, constitutional checks-&-balances, justiciable procedures, due process of law – outside the US borders. Internal evidence. A historically proven warrior nation of outstanding valor-&-chivalry as alike Gurkha-Nepal has/will never do anything alike. No precedence exists. Compare-&-contrast based suggestion. Something is seriously wrong My Lord. Democracies are initiating & running the riots? Indeed My Lord.

Historical Parable: The East India Kampany Sarkaar (a private co) & the British Dominion period Govt., used to do the same (identical) with the help of Royal Army regulars clothed as 'mercenaries'; 'colt officers', et. al., – reconcile with Orissa Martial Law (1805) [Bhattacharya-b 2014 & c-2020]; Jallianwala Baag massacre (1919) [Habib 2019], etc. Every citizen in Gaza is an 'एन्केलावी' (revolutionary) – as alike was the case in Boston Tea Party c.1773 [WWW-9]; entire Awadh kingdom (3 million citizens) and regions around during the 'Great Revolt' c.1858 [Husain 1998; Bhattacharya-d 2023]; Africa [Karya 2016] against foreign occupation. Majority citizens becoming revolutionary does not empower the confronting opposite party with authority to commit genocide and or anything alike or unlike. Not merely Biden-Blinken, it is the American people who are contributing such destructive concepts, weapons of deep destruction and devices of mass murder. It is proxy war (as alike in Kashmir). Remote controlled. Except the technologies reposed in US labs Tel Aviv the entity is resource less. Aviv betrayed old-friend Russ. Aviv can never-&-never provide any defense support or succor to sub-continent India. The Pan global Jews (the faithful commoner) shall always psychologically remain with the Gandhians, always crave for peace and yearn for laid back prosperity. Such pan-global common Jews stand neck bent in shame as the fall guys. Aviv is demolishing the nice Jew's image. My Lord it is the Yankees who are doing so. They have lost the war. Are desperate, my-Lord.

Gaza bombardment offers nothing new from the white towards the Black & the Brown. Only times have changed so too the scenario. The potency of the arsenals and the accuracy too. Drones were & are being used by Israel in this conflict. Identical drones were noted against Russia in Ukraine all through 2020. The moment someone else do – the slave traders open the statutes; read down in a convoluted manner; gang up and act as well dressed hooligans; go berserk. The occidental citizens look away until cash-cache has come home. Once the cash reaches home they change the topic. US & EU press reports as if Gaza is not Palestine. Such press are the abettors the fowlers, up-regulators of the nasty, act as referee & linesman (all-in-one); tip of the iceberg is hinted at [Guardian-b]. They see Russ in सायने, सपने और सर्वत्रे (sleep, dream & everywhere). Their Judges & jurisprudence do not measure, asses-& access as do the Indian counterpart. No suo-motto cognizance is taken ! No original powers ever exercised. There is no ongoing war – as per the US system. Only US assisted bombardment in continuum. US is defending its asset in Asia. Hence American citizens are prodding their capable govt. Observe quietly my Lord.

Democracies Vrs Palestine: Hiroshima & Nagasaki citizens were nowhere connected with war & gore. President Truman committed the twin genocides at Hiroshima & Nagasaki. Non else. He had a Jew lawyer counselor friend in the White Jail. Well post such genocide that President lamented “Jews are selfish... they do not have an understanding about” [Washington-a]. Extreme weapons are being used in Gaza (10km wide-41Km long; 265 Sq Km; 2.5 million people @ 9433 adults per Sq Km; 65% youths). Arsenal trials are afoot on human (all age & sex), on in-womb fetus, for annihilation, mutagenesis and settlements pulverisation. Jewish worldwide fiscal network funding such research, resource persons, sales & applications ? Palestine (Gaza) is an apt test bed, My Lord (also Ukraine). All previous bombardment domains were non-cosmopolitan ! Gaza is cosmopolitan ? Buildings are economy constructions on slimmed stilts; of minimal flexure strength supported with least iron/steel mesh. Structure-to-structure touch each other and thus shock wave propagation is efficient. Hence the destruction is absolute. Entirely non-military constructions. The Mediterranean’s salinity ranges between 35-48ppt. Such high makes the concrete brittle. On impaction chaffs as powder. Average wind being @ 12kms/hr embalms her 10Km width entirely with shore-saline effect. Year round comfortable living & agro-met conditions. A few kilometers inland is arid. Logically such territory invites the evil eye & the devil’s mind. Denying and or ignoring such facts are due to the efforts of the high offices @ Aviv & DC. Can India; China; Brazil; Mexico or any other ever be able to do anything alike in respective disputed/occupied territories ? Why UK did not do so in Ireland ? The answer is bright on the wall. Status of civilization matters. Furthermore, Amerigo Vespucci’s find has got impregnated by Judea. It is historical process in continuum. Do not exasperate My Lord. Palestine has 16 constituencies and 132 member Legislative Council House. For any congress it used to be slung in सून्या (space) at Jerusalem until 1995 since being forced evicted by Aviv this (*de-facto* in-exile) nation’s capital operates from सून्या at Ramallah (right bank of river Jordan, close to Jordan nation) – since 1996 consequent to (fudge-full ?) Oslo Accord [1993-95]. She has 8 contesting political parties. Gaza is a mono constituent province of such Palestine with a provincial govt., being organised by HAMAS which has a strangle hold over the twin cities of N-&S Gaza (*note-vi*). And whereas, Gaza province & its elected or barrel selected bodies & souls are motherland bound. HAMAS’s strength in the Palestine Legislative Council is 74\132. Yasser Arafat’s founding party Palestine Liberation Organisation now known as Palestine National Liberation Front (स्वतंत्रता एन्केलाबी ? {ethos}) has 45 members in such august house [WWW-10]. By democratic thumb rule HAMAS is the governing political dispensation. Internal evidence is that it has a (much) greater on-ground foot print & acceptance among its electorate (just alike INA-India 1947). Moreover, it is fiscally sufficient [NBC]. This does not go down well with the American citizens. Therefore, they force their administrations to (i) behave in their average national style i.e., *delanda est germinatio democratia* (bring down the budding

democracy) is the सूत्र i.e., maxim (ii) trying to smite out the largest political entity of Palestine – a case of politics becaused genocide. They tired the same variedly with India commencing with PL-480 past Pokhran-II. US had said ‘No’ to the Gandhi [Venkataramani & Srivastava 1964]. My Lord, don’t despair. Political homicides and not genocide is rampant in India [WWW-11 ; ToI 2021]. Police-& Courts handle; UN or US cannot move in (in fact non can). Given an opportunity the west will turn Indo domestic political homicide into extra mural sponsored genocide. In Palestine, we note US’s entry on very large scale. Entirely, unsolicited. And, she is only with loads of arsenal. Nothing else. Her malignancy mate (EU) is bobbing around as a drummer-trumpeter which has off late been altered to as rag picker with an embedded agenda to depart with aureate ~ as standard protocol; as was the case in Ukraine. Due Brexit the polite Englishman is left out. Slack jawed. Her days are pass. Alas ! My Lord.

Two Nation Theory: Relevance

The bi-partite two nation theory concept (Map-1a-to-c) is ‘symbiotic-&-lovely’. Frank, minor tweaking, welcome. India, Israel, China, et.al., should take cue and accept the two nation theory [News Click 2023] and settle down to grapple with more pressing socio-economic issues. US must ‘Quit Asia’. Establish ‘share-&-care boundaries’ with need based barter. Be meek or mad. Else ? (i) the west will in tandem come out successful as predator (ii) develop weapons as alike fractional kilo-ton devises deliverable via multiple vectors and pre-announce the places & details of indiscriminate no-delay use against democracies involved in proxy war (against India); proscribe imaging of India from space; any suspicious over flights; including spy satellites. It tantamount to sovereign right violation. Knock out swiftly all kinds & forms of devises belonging to the parties participating in anti-India proxy war and or supporting it in any-so-ever manner or form. Kill and maim as many citizens of the anti-india proxy war doers – here there & everywhere. Blinken-Bibi are doing this and thus the US is impregnable. American citizens have consistently oked US state sponsored terrorism and other nation’s sovereign right violation so that their own luxuries may remain. It is not the US President and his team alone does it. It is national culture, self apportioned & arrogated though. Un Gandhian ? Sans plebiscite ? Barbaric ? Sad ? Yes, My Lord – solid defense.

Putin Speak : Putin said “ US’s middle east policy has failed” [Moscow 2023]. Means what? The US was using Aviv as a geo-political and regional trouble maker par-excellence and questionably demarcated Israel as the ever-green hot-spot –Asia’s region [Reuters-c 2023]; so that oil prices do not shoot up; so that the latest weapons can be field tested from time-to-time; the oil well nations do not become competitors against west nor supply it cheap to US’s competitors; Russ gets not handsome profit; her presence fulltime. Blocking-&-auditing the Bosphorus strait is also a prime unannounced hidden agenda (long pending US-UK’s arsenal). Ethics in foreign policy to stand@discount was well thought out long. Deep and-or- irreparable economic offense is also solid defense. In caption scenario no white nation are talking about economic sanctions. Any, shall lead to Oil embargo ! Competitors shall stand to gain. Competitor is the worst enemy of the US. Semi-civil citizens ? Camouflaged hi-bred apartheid ? The west was-&-remains snake cunning ? Unfolding of events underscores Putin speech. My Lord, work, long, hard.

However, Putin is partially off-mark (wrong?). It is not ‘middle-east’ (ME). The domain is Asia. The US has via Aviv positioned self in Asia. Geographically it is ‘Asia – north west’ (ANW). Any attempt to include African nations into such caption (ME) underlines a hidden agenda of ‘widen-broaden-divide-&-dive in’. Happenings & events in the ANW affects Asia more intently, swiftly and vice-versa. ANW is also culturally ancient, variety full, lively, and umbilically is connected to ASIA. The Crusaders lost primarily because the Jihadist had a ‘look-east policy’ and garnered resources from hinterland Asia via contiguous land route [WWW-12] ~ and not from Europe. UK considered Afghanistan as the ‘cockpit of Asia’ [WWW-13]. My

Lord, for the students of history-&-heritage AWN is academically fructuous in all its paradigms & dimensions. The white man is trying hard to fractionate Asia, My Lord.

De- Facto Bosses: Middle-east nations were agitated since 1948 on the premise that formed Israel (Jew nation); Palestine remained (Islamic). Thus they inclined towards Russ. Else Russ was absent in the mid-east. Dean Rusk (Irish Christian) as Sec of State (1961-69) made Israel comparatively ultra strong as the countervail. The 6 day war happened with Rusk in aid control. The two cold-war super-powers vied on ground via I-&-P. Military aid given to Aviv was technologically light years ahead of the Russ given ware. Aviv had not any money. Comparatively Arab states & even Palestine had more; US did not ask for any refund. Same phenomena kept happening year-on year; fomenting event after event. Palestine formation was failed via US-Aviv machinations. Arab-Israeli conflict again became inevitable in 1973. US involvement took further giant steps with Henry Kissinger (Jew) involving the US in conflict that reversed the tide. Henry also created infractions in the Arab union (US Govt.). He, with full support of the American people also took US into China with an aim to fail India [Indian Express]. Did so with dazzling success. Created additional splits in Asia. Embedded administrators & generals. Created vassal states [Hollen 2008]. Engineered & operated divisions [Vanguard]. Blinken is seen doing the same@2023. The rhetoric & the models are different. The hidden agenda remains the same = 'divide to loot and posture perfect'. US citizenry is comprised of strangers. Ethics nationale is neophyte and not heritage base. Kissinger was & Blinken is the De-facto CEO -US; either being non practicing Jews. Electorate's protégé was Nixon, now is Biden ! Due strong-&-functional constitutional 'checks-&-balances' such political mechanics is difficult in India. Modi mistook mire as meadow. His officers torched the track. He is honest-upright-&-smart; shall swivel smooth-&-swift. Be pleased, My Lord.

Fiscal Aspects: US aircraft carrier's daily at sea operation cost ranges between 6 -to-8 million US \$ (more whence in combat alert mode). If the confederate group are able to instill a 'stalemate' the two carriers will clock up a gigantic load @ monthly on the US revenue account (Tax payer's money). Biden has made a bid for 150 Billion US \$. Elections are expensive. Victory trumpet appears more positive for Republicans. Last parting self-help has to be designed & dispensed with pre to *sayonara* (goodbye). Among the numerous ways of recycling (aid fractions soft-landing in deep pockets) the route via aircraft carriers is the most bountiful. This is US variant of 'special monetary operation' (obverse) cum 'special military assistance' (reverse). It is secular, suave and smart beyond horizon hold. The US ruling dispensation has grabbed 07\10 event for pre husting image building; public money diversion; pocket filling; deflecting public rancidity off from its laughable failure in Ukraine AND Covid-19 severe bungling. On the other hand, Israel is draining self [Vohra 2023] and whereas Palestine confederation is alleged to be overflowing with mundus promises, including for HAMAS, Fattah & all future actions [Reuters-d 2023]. **Look My Lord :** Gold & Forex Reserves of India; Israel & Palestine are as 580MT\600 Billion US\$ (In); 112MT\200 Billion US\$ (Is) and 00MT\572 Million US\$ (P), respectively. Palestine is an asset-less state and a net loss a/c ? Self prescribed posturing is being done. All are in the trapeze (*note-vii*). US press, public & parliamentary process are angling. Courts ? in self quarantine. Among such quad, the US public is the real culprit. Why ? For they value money above blood-&-womb. Wider war will not break out. War is between two nations. In the instant case DC-Aviv & their well funded rich press wants students of history & heritage to believe that Gaza (a province of Palestine) is a independent nation ! Topsy-turvy, My Lord ?

Aviv & US are double engine train (dual node-axis). The oppo., party is a confederation of nations (allies). Should such allies tie down the US in the Mediterranean; adopt Guerilla method; heat up the Oil & Gas market; impose asyclic select embargos; route blockages ban high-sea sale then the narrative in the occident press & podiums will alter and get unmasked. Such press & public shall cry hoarse & yell 'nightmare', and call for heightened bloodshed of the opposite parties.

Six months ago this pen expected oil prices rise due to such strife. However, the reality is that (i) Blinken convinced Saudis not to so that US can indulge in dual scenario war (ii) oil producers are spine less (iii) want to fund a long drawn conflict and bleed the opposite party. Thus far has been the longest war of Israel ? Hence, the prices may take a down turn. Caveat ? Israel back walks from Gaza and turns into a dove then oil prices will rise (inverse oil-economy syndrome). If Persia-&-Arabia make common cause then only prices can rise. Difficult, as Persia is in Asia camp and Arabia in American camp. Aviv shall have bad-bad days. Jews outside Israel shall remain well off. Two distinct groups. Cross Atlantic logistic costs shall get affected [BEA 2023] with advantage for Palestine cause. London Stock Exchange will wobble shockingly ~ good for the 3rd world. Many a thing will happen. Hanoi blockage had failed with a flop (UK opposed US's Vietnam plan as alike Russ opposing US's middle-east policy). The Pacific's entire eastern rim virtually got bereft of US boots. Her merchandise has been swept offshore. EU took birth. UK down-slide commenced; Hong Kong was lost (UK took major hits). Competition came home. Americans do not like competition [South China]. In place of 'annihilation of the opposition' (Marx) they practice ruthlessly 'annihilation of competition'. Their political parties are scared of such deep-entrenched all pervading social factor. Success against sovereign nations world-wide ranging decades has deepened 'malignancy of mind'. Thus the premeditated Middle-east blockade; Syria bombardment; singling Iran out; etc., (*note : viii*). All this will eventually fail. Why ? for such practice has led to the genesis & firming of the EU; debt syndrome. The € shall further evangelise. Not merely money and or hegemony nor shame it is absence of parental ethics that persists as Sam's shadow. American citizen's family level focus is 'personality-posture-prout' and not 'character building'. Are not bothered about shame. Will continue. Remain assured. Look forward My Lord.

Occidental Press Paddled Options: Incessant, impish provocation; not calling in neighbors during difficulties and trouble times; living off US money; going around with a cloak of 'prosecuted'; over indulgence in super-power politics; posing self as 'Tarzan of Technopolitics' [Hecht 2011], etc., enabled Aviv to outsmart EU. The eminent occident desire all to tick any one option from (a) & (b) while not mentioning (c) & (d). Option (a) the 07-10-23 event may be viewed also as HAMAS's nationhood demand commemorative strike (b) it was aimed at derailing Arabia-Aviv détente *alias* relation ~ least likely (c) Russia needed to avenge Aviv's role in Ukraine imbroglio specially the use of commercial and domestic drones coupled with anti-armour weapons; super optics; private & spy satellites; specialists and other types of man power; concealed military participation; setting loose a large team of Goebbels; apart instigating the Silesian Jews against Russ. Post Hitler non had inflicted onto Russia as much loss as has Aviv done in 2020. Which only a coward can forgive and a wayward can forget (d) Moreover, the whole region is Asia. To call the affected region as 'middle east' may be another beyond the visible range ploy. An insatiable desire to divide ? Russ is resourceful. Asia is super resourceful. US not as much. EU almost exhausted. UK exhausted. Exploitation urgency. Truncation of Asia is warranted. True as blood red, My Lord.

Historical Recap: Turmoil torn caption's greater domain was known as 'Roman Palestine' till c.4th A.D., (*Palaestina Secunda*; Orthodox Christian-dominant); and thereafter as Syrian-Palestine as part of Ottoman empire (islam-dominant) till 1919 [Kâtip Çelebi c.17th A.D.]. During WW-I (1914-18) Ottoman empire (Islam) was pitched against UK. To counter adversaries frank assistance from Islam was availed by colonial UK and embedded/covert assistance from Jews ? In 1915, vide 'Hussein-McMahon Correspondence' [Friedman 1970] she promised independence to (only) Ottoman's Palestine *vilayet*, Silent about Jeru. There was no boundary delimitation neither any mention of Jews (they were included in the term 'Arab'). In 1916, UK re-pledged the same territories for sharing (post victory in WW-I) with colonial France via the secrete 'Sykes-Picot Agreement' and setting apart Jerusalem as future 'international zone' [Fitzgerald 1994]. There was boundary delimitation [Yitzhak 2000]. Independence to that *vilayet* was discounted. Any inference to Jews or

their roles & aspirations was given a resounding silence. In 2017, UK further issued another official statement i.e., 'Balfour Declaration' [Balfour 1917] wherein a 'Jewish Home' (sans Jeru) within 'Palestine' was discussed for the very same territory. Now, between 1915-to-20 in-place of independence to 'Palestine vilayet' a neo concept-entity of 'Jewish Home' was introduced. The real issue of 'Jews-&-Palestine' or 'Islam-&-Jews' was spun as Jews-&-Arabs'. Never-ever debated in Press nor in Parliament or by 'Committee of Union and Progress'. Such policy oriented assessment; averment & apportionings convoluted, contradicted, confabulated and or undermined each-other in whole & in parts or parcels resulting in cancellation; renegeation due state sponsored deceit/cheating? Balfour presumed victory vrs Ottoman empire. He meant, post victory bifurcation of the historical Palestine vilayet and formation of (# i) British protectorate called 'Jewish home' (sans Jeru) AND (# ii) an independent 'Palestine' nation (with Jeru). Such exercise was knowledge based wish; map-less with no boundary delimitation. Known facts based deduction follows as: ~

(#-i) 'Jewish Home', (conjecturally & anecdotally) comprising the territories to the N of Fara & Zarka (R-&-L tributaries of Jordan river, respectively). Such UK- protectorate 'home' for Jews to be inside Palestine vilayet; not any independent nation. Homers (Jews) were not to push or shove other faith adherents and or do nothing alike-or-unlike that would be prejudicial in any-so-ever manner or form. No immigration was conceptualized nor do the scope, content, syntax or letters (Balfour's) connote. Such 'home' was unencanted in mythology & based on ground on thin population. Real proposers & propellants being extra-mural Jews. (#-ii) 'Palestine'. The remaining territory of the erstwhile Ottoman vilayet by name 'Syrian Palestine'. Included Jerusalem & Gaza. Islam thick – on ground (Jews & Christians also thin presence). Change of name from 'Syrian Palestine Vilayet' to 'Palestine'; altered territory size & boundary. Jerusalem's status; homer's rights-&-duties; existing land ownership, new purchase rights; etc., (?) diligence due.

i + # ii combined, spanned 'Syrian Palestine vilayet' of Ottoman (Osman dynasty; Dominion power). *Vilayet* (विद्यर्ष प्रदेश) = 'far flung province' regional Governor was Prophet's filial Hashemite Dynasty; on ground overwhelming Islam; location - Map1a-to-1c. Jerusalem was under Ottoman (Istanbul) via Hashemite of Jordan *alias* Syria. UK covertly also desired to extrite Jerusalem the poly-religion apex holy hove from the clutches of Islam-&-Jews. It is omniscient that between the Jews & Islam the Occident preferred Jews. Jesus, My Lord.

Jews viewed Hussein+McMahon+Balfour's as a platform to secure a 'Jewish Home' via UK. Jews helped UK covertly. Islam's objective was स्वाधीन फ़िलिस्तीन (free Palestine) from Osman; helped UK overtly with remnants of 'Janissary corps' [Veinstein 2013], etc. UK won WW-I yet dithered on स्वतंत्र फ़िलिस्तीन. Jew negotiators were Anglo-Saxon enabled Europeans afar from ground located @ London-&-Paris, negated Balfour in 1919. On ground Jews were thin. On-ground Islam was thick; only Arabic enabled; absent @ London-&-Paris; remained oblivious about Jew's askings; interventions; negation, AND alterations; dilution; double-play & assurance sundering by UK. Officially, nothing happened. Jews-&-Islam got nothing. Land Lord (Hashemite) went to the trespasser for arbitration! UK-&-France (trespasser duo) full-steam exploited natural resources of middle-east via Palestine-Phonocia sea-front. Jews took a cue, immigrated en-mass. क्लेश (pain)? visit The Gandhi [History 2018], My Lord.

In-between, victor UK signed 5 more agreements @ 'The Paris Peace Conference' 1919-20 (League of Nations) & re-drew the boundaries of the same territory [Tamari 2017]. Jews petitioned as 'Zionist Organisation's Statement' for a 'Jewish state' (2-1919) i.e., a shift from 'home' to 'state' (nation). Islam parties remained oblivious about such demand for a 'Jewish State' inside Palestine. In 1937 UK re-perused 'Balfour' via 'Peel Commission' [UK Govt-a]. Peel trifurcated Syrian Palestine vilayet into 'independent nations' with

differing names (a) Arab State ~ Islam (b) Jewish State ~ Jew and a third as (c) neutral British Mandate ~ Christian; **Map-1a & 1b**. Jeru comes in for the 1st time. Jews accepted. Islam objected. UK declared it un-implementable-1938. UK's 'mandate' terminated in 11\1947 (post Indo independence). Syrian Palestine vilayet remained intact on ground and in paper until UN dispensed with in 1947. Between 1917-&-47, via select leaks UK mentioned-&-cautioned 'Mohammedans & Christians not to be disturbed; Jews not to Lord over natives'. Post such averments & pronouncements from British high offices Jews continued immigrating; altered the demography, human geography & land ownership (of Palestine vilayet). Post UN-GAR 181 practised state sponsored encroachment, ownership conversion aided-&-abetted by American citizens, corporate & Tax cash. You have read it right, My Lord.

अष्टोपदी : Octa Gradus

My Lord, we can re-read the averred in a chronological manner i.e., lower datum towards the upper: ~ The Hussein-McMahon nexus (1915) was necessitated as the Ottoman empire (Old man) while collapsing was with the opposite camp (overarching stimulus-1). The stimulus for Sykes-Picot (1916) was the need to secure Iraq oil fields especially during the conflagration (overarching stimulus-2). The Balfour Declaration (1917) desired a clean slate bereft of Sykes-Picot shadow for the victorious benign crown & its subjects (overarching stimulus-3). Paris Peace Conference' 1919 (League of Nations) Jews pitched in with a 'Zionist Organisation's Statement' for a 'Jewish state. In place of 'home' they asked for 'state/nation'. At such stage (1920) Secretary Of State For India a practicing Jew called Zionism "a mischievous political creed" [Montagu 1920]. Thus the Jews emerge as cause & because even for the seasoned professional British Empire managers (overarching stimulus-4). Between 1920-37 the Sun did not set on the Union Jack (Hitler was in offing mode). UK was in sun-shine glory and was in a mood to re-boot the issues that plagued her empire (overarching stimulus-5). In 1937 UK set up the 'Peel Commission' which granted to the Jews a 'Jewish State' by theoretically extriting (40%) territory post theoretically trifurcating 'Syrian Palestine Vilayet'. Peel's was the 1st statutory body that engaged the complex issue. It failed (due Jewish machinations); they wanted more. 'Syrian Palestine Vilayet' remained *in-situ*. Jewish influx commenced. Confabulating interests on ground got translated as 'dominance-vrs-resistance' i.e., conflicts (overarching stimulus-6). Non Jews felt UK to be partisan. Jews used their euro location and Anglo-Saxon abilities to pester. 1939 WW-II commenced. Jews assisted UK. WW-II exhausted UK. At termination Jews wore a picture for endless sympathy. British Mandate over Palestine ended in 11\47 UK felt a need to let go the malignancies (overarching stimulus-7). UNO had been formed & was functioning. In 1947 the UN vide GAR 181 granted a 'Jewish State' by actually extriting (56%) territory post actually trifurcating 'Syrian Palestine Vilayet'; sans Jerusalem. The new castrated region in 1948 was christened as 'Israel' (Map-2). UN seal because poly-axial immigration flood leading to mutation of Palestine's socio-cultural canvas. Europe & even Russ had a numb-to-palpable doubts-&-disdain for Jews thus 1950 onwards designed delectable vestibules for exodus (overarching stimulus-8). Soon, Israel became seam-bursting ready to take on the nations of the world = Caption.

US can be; the UK cannot be labeled as pro-Zion nor as anti (on the basis of available data & eye witness). UK perused its own time-&-tide based objective of global hegemony. The difference between UK of 1920 & US of 2020 in brief are as follows: UK was burdened with a deep cultural heritage; erudite; polite; methodic; conservative; historical grasp of subjects; feel about global ramifications; with wafting bureaucracy. US transpires as sans such characteristics. Moreover, She is impatient, ruthless, is jealous with a unquenchable greed for gold-&-gas. UK desired & kept the Jews at length. US has long taken on a Jewish demeanor. In-fact (with due humility), seems to be 'pregnant'. Either, imperialist all-the-way. These apart, the fact remains evergreen that not always for lolly neither due folly bureaucracy bungles as 'time pass'. Sword smites. Ruffian howls. Guile fowls. Pen pals. History becomes Rome, My Lord.

Special Connectivity Note: Same model of negotiation is noted between the freedom aspiring Indians and Imperial-Colonial Britons (1920-47). In the sub-continent, Islam had cozied upto UK; played cloak-&-dagger. Failed with face full feces. Hindoos had distanced, put everything on the table and which-all got translated into vernacular. Sanatan sunk Shy Lock's ship for ever; unlimited by border. Lenin unmasked the 'Sykes-Picot Agreement' (1917). In middle-east it led Ata-Turk to negate the Sèvres Treaty (1920). And, via a contrasting model (violent route for ousting foreign yoke alike HAMAS ?) he steered his nation with good success (limited by border of history-&-geography). □□□□□□□□, My Lord.

As per Peel's Prescription, 25 % ' of the Syrian Palestine' was apportioned to make the 'Jewish State'. 63% territory for Palestine (Islam). 12% territory region was wrenched for Jerusalem and put under 'British Mandate' (Union Jack). It had a sperm shaped E-W lay connecting Jerusalem region with the sea –Map 1a-&-b. It followed the making of the Jewish Oblast (note :: ix) WW-II ended, UNO formed on 24\10\45. UN General Assembly set up UNSCOP which was boycotted by Arabs [UN-a 1947]. UNGAR #181-(II),19\11\1947 [UN-b 1993 & d]a Jew lobbied draft increased 'Jewish State's share to 56% i.e., an increase by an order of 224% and reduction of Peel's Palestine by ½ = big compromise [Jewish-a Virtual]. UNSCOP published a 'Palestine Proposed Partition Map' [UN-c 1947]; Map-1c.

Such new nation got recognized by USSR, UK & US – as ‘Jewish State’. Such ‘Jewish State’ got renamed as ‘Israel’ by the Knesset (Senate). Records indicate that Peel’s Palestine got a reduced territory than that of Balfour’s Palestine. UN reduced it by half. Recalcitrant attitude; belligerency; repeat wars and Israel’s eminent need reduced it further. UN’s proposed partition map (in Francophone, Map-1-c) does have the phone ‘Palestine’ for the whole domain and post trifurcation the Islam portion is indicated as ‘Arab State’. The phone ‘Palestine’ lysed & died in the hands of the UN? OR miscarriage by the whip, or the chief, or mischief by someone rich? Please order an inquest, My Lord ?

Anyway, This (Israel) was the 2nd Jewish State. It was again only on paper & map. Territory demarcation happened in 1948 and got the name ‘Israel’. The 1st mapped territory based ‘Jewish State’ with demarcation being the ‘Jewish Autonomous Oblast’, USSR, 1934 [Jewish-b]. In evidence based history the phones Jew & Palestine is present since Rome while the phone ‘Israel’ is conspicuous by absence. It appears from 5/1945 only, My Lord. However, Israel (& a compromising west) kept putting spanners in installation of Palestine [Wye River 1998] which till date is incomplete [Mandela 1997]. India in 1950 recognized Israel of such size & map as in UN Partition Plan i.e., with 56% of the erstwhile Syrian Palestine territory. Arabic-

Islamic Palestine having 42% [UN-d 1993]; Jerusalem made 'neutral' with Arab State all around Map-1c. British Mandated concept was dropped. On ground Israel failed it. Stake holders accepted-rejected-altered; with incessant haggling-saber rattling-wrangling leading to 3rd Arab-Israel war (1967) in which Israel occupied 100% and returned to PLO 22% in 1967 (off the 1900's gross) [Amnesty 2017]. In 1988 India recognized Palestine in line with UN-GAR 181-(II). On such datum, Palestine had 20% of territory (< 1/2 of UN mandate) under its command. Presently, she is said to have less than 20%. Rest of Palestine has been under Israeli Police & Army. Gaza was the sole domain free off Israel. DC-Aviv have now pulverized it to make occupation as 'necessary', My Lord ?

approach by all such parties has led to obfuscation of issues and fobbing simple solutions. Peel's prescription of two nation created Israel & Palestine in an admixed manner with UK as the 3rd Party (based on faith demography as had Radcliffe's done to the Indian sub-continent). Ambiguous. The middle-east did not have a Gandhi nor the institutions as had India nor any British good legacy as was the case in India on datum 1947. Post Peel, the pen & jurisprudence were replaced with the bullet, bluffs, brusque; fobs & fudge-full syntaxes. Historical complexities and demographic load repurposed any ambiguity multifariously. It created room for rancid rhetoric leading to physical conflict.

In all British bilks, Jeru is indicated as 'neutral/independent'. In 1980 Israel declared such 'neutral territory' as its own-&-sole 'unified capital'. During onset of such secrete phagositisation process, Indian PM (Nehru) visited Gaza ~1960, while Honb'l President (Mukherjee) and PM Modi visited Jeru of the fully phagositised Palestine in 1915 & 1917, respectively; with millions of cash-&-kind developmental investments [MEA 2023]. Post Modi's visit (1917) Americans maddeningly supported such 'unified capital' concept. India (belittled ?) opposed & UN rejected the Trumpeting [Indiaka 2018]. Israel built a 'Separation Wall' which includes entire Jeru region - appending it to her mainland [New Yorker 2023]. CEO's of Pak; Nepal; China; Myanmar; Sri Lanka; Aussie; Egypt; et.al., ever touched ground Palestine (?) needs to be examined by DTPs, My Lord. (desk top professors = DTP). In relation to nationhood attainment by Israel and Palestine (among a plethora) the Wye River Memorandum (Oct-1998) is an excellent example. Democrats did it. It is an example of US citizens setting aside history; giving credence to mythology; money-&-mondus; Asia ingression agenda; denying Palestinian citizens; Palestine nationhood and all citizens of the regions in general - by oratory; dramatics; style statements & postures. State sponsored fudge & fob. If the US citizens and press would be firm and upright thence Israel a vassal state of US (?) cannot have done what it has indulged in. Israel's citizens want to give nationhood to Palestine. They love to share-&-care; peace-&-family welfare. Israeli Govt.; US Govt., & most specially the US citizens & her press do not want that. They are dependent on gun-powder industry. UN, its findings & averments & pronouncements have been belittled & buried not by Jews but by Americans. Allegations of 'double speak' against US people more and less against Aviv (comparative) is noted even from eminent pro-Israeli belonging to Islamic border nation [Eco Times 2023]. US vetoed anti-Israel or pro-Palestine Security Council Resolutions 43 times. The visibilities being such our moot point is that all this opens initiative driven scope for the young scholars about American psychology, motives, models & methods. A view from the pristine Himalayas is over due, My Lord. In relation to recognizing Israel and Palestine and vetting their maps many a nation did as did India. Stake holders again-&-again indulged in acceptance-rejection-alteration. In place of segregating the ambiguities the same have been seized upon by direct & indirect stake holders & profiteers. Non violent and hawkish

Palestinians number 5 million (6000 Sq Kms @ 900 persons/Sq km); Israelis 10million (22000sq kms @454 persons/Sq Km). Both nations jointly have a gross territory of 28,000 sq kms., @ 536 persons/sq km., and whereas in India; Japan; Nepal; China; Jordan; US & Russia it is 481; 338; 207; 149; 125; 37 & 8; persons/Sq Km, respectively. The US shall never put in infantry unless the Royal infantry is ahead (& RA shall astutely mark self as 'absent Sir'); her soldiers know how to use atomic weapons, WMDs and not how to combat in populated areas nor in Jungles. Recollect she had been to Saigon & Okinawa (avoided Berlin & Tokyo ! {astutely ?}). In spite of relatively thin density the US is said to have 'high density urban conventional warfare experts'. And, her troops had not entered Berlin (1945); nor any city. Yet, she has deputed a number of such resource persons in the caption domain. She is fighting her foe and defending her Asia fortress ? All that meets the eyes and-or resonates in the ear are 'today's politics is tomorrow history' research opportunities, My Lord. As on 1948 vide UN Partition map (i) Jewish State was in two parts, and the lesser (ii) Arab State -Palestine- was the major (iii) where was Palestine? It was all around Jerusalem which was to be a separate & neutral country. As on 2023 (iv) Jeru's has been subsumed by Palestine (v) Palestine is in diffused parts ~ alike food particles in gut (vi) Israel is all around. It is a case of phagositisation, My Lord.

Where is Palestine? It is inside Israel (Map-2). The apparent is mind maddening? severe reality? Israel has phagocytised Palestine? invites scholarly inquest ? Historical geography, My Lord.

Dark Day for Civilisation: Israel & Palestine are over populous. Need land. The neighborhood is barren & dispelling. Neither the US shall benefit should Israel invade nor by getting involved or by avoiding it. Israel via the proverbial Jewish rashness pushed self & Yellen-Bilken's prosperity-&-hegemony minded administration into sand quarry. She also failed Saudi Arabia (in fact whole of the middle east and one-&-all at large; Asia in particular). She used deep-divide espionage @ 360⁰ (degrees). HAMAS the little organization should have been ignored. Should have engaged Jordan & Riyadh. Aviv wanted to side track all. UN too. Attained absolute victory for Judea, in either case. Aviv made US the globe's super ultra power and the deemed paradise of 'free speech', 'freedom seekers friend', etc., to

fight & bombard Palestine. Unmatched foreign policy & present politics. A repeat of the spirit and by the same claws that had becaused Hiroshima & Nagasaki ? Although history repeats, the data in every repeat is distinct and offers never before avenues of inquest, My Lord. Dark days provide work for scholars. The UN invoked its special power i.e., Art-99, Chapter XV of its Charter. It reads as “The Secretary General may bring to the attention of the Security Council any matter which in his opinion may threaten the maintenance of International Peace and Security” [UN-e Charter]. And this was done by the Secretary General Mr. António Guterres and it called for “immediate humanitarian ceasefire”. Such resolution was vetoed by the US and abetted tactically by UK on 8-12-2023 [UN-f News]. 1st, the CEO-US took a covert train ride from Warsaw to Kiev. 2nd, Marshalled by vassal state she barged into Europe & Russ borders against their wish-&-desire. 3rd Then bombard civilians in a miniscule sized province. 4th vetoed Humanitarian aid. All this is current politics and tomorrow’s history. Onto all of the occidnet the Dems have wrought shame ? Uh ! what success for Aviv ! What Dark Days for mankind. Ah ! what opportunity for social science researchers, My Lord. On the other side, instead of acting as the ‘marshal of peace’ on behalf of democracies, the US (Aviv’s elder/master\ मालिक) nosed an opportunity to bombard Iran; get re-elected (2-in-1). Convolutd concept; wrong start. She with élan once again bared her policy of ‘master of manifold mayhem’. The eagle permitted, participated and profited from David’s designs in Ukraine. She is re-doing the European 18th-19th centuries model. Save & except inhalation-&-expiration Israel is a naught sans US. The average American citizen are at fault. Else this (bloodshed) cannot go on for decades. US press & public know that destruction via bombardment leads to homeland prosperity. They love and covet it. US-&-Israel is one & the same. US is enraged that such relationship & its policy of not having a policy, yet having one the major parts of which are hideous has got exposed once again. The non US pan global youths (tomorrow’s citizens) have now got a glimpse. Bloodshed on the sands of Arabia cannot set right historical wrongs nor smoothen the domain’s dunned political topography neither bring to live dead opportunities. Litigation, arbitration, people’s participation are wanting. American citizens do not prefer all these. They have a penchant for bursting non-American hearths & homes. Their administrations act accordingly. Doves are absent – Hawks rule the roosts. God was man in Palestine [Betjeman 1967]. Such domain for weapon testing is fine. Gun powder politics for his sake. Come hither to burn-&-break. It is a ‘special military operation’ - Atlantic version, My Lord.

In matters Palestine, Saudi; Jordan (King is a blood descendant of the Prophet) prefer absenteeism; regenal hegemony. They have inheritance based political setup. Elsewhere, theocracy is the constitution or engineered self styled, self appointed elite ruler substituting frank plebiscite propelled doctrine. Such formats are ludicrous political planks. Fail sovereign thinking; actions thereof and punctures constitutional institutions (if any). General uplift agenda fails [Carnegie 2023]. Absentee deponent defeats evolution of procedure established by law. Saudi designs are to keep with stinking luxuries (contra to the over arching {Islamic} law which she keeps citing; since 1960). Next on the resource scale stands Iran (ancient Persia) academically the most enabled in the greater middle-east region. She applies her heritage & heurism to stifle freedom until all look down. Attracts global disdain. Cares not. Top-of-it, Arabia wants Persia to perish; other’s oil wells to get blasted and-or shut. Moreover, the prophet had ascended heaven from Jeru. If such location gets to be in another Islamic nation (viz., Pales) then revenue from Mecca & Medina and style statements thereof-&-therefrom will be adversely effected. Adhere firmly to ‘Crab Theory’ [Tagle 2021]. It is a case of intense regional contest. Outcome ? My Lord, Arabian nations jointly or severally cannot counter Israel.

As against this, US desire’s are global. Her citizens & netizens are loitering around with oil harvesting traps & penn. Dead Sea brethren provide for her all the types of required bay & berths including masterly packaged devices to divide deep. Furthermore, arsenal testing via sea-land-&-space (US as Israel for Lab-2-Land) exercises are introduced as apportions-&-arraignments for attrition abortion

(*note-xi*) with UK-EU as the cheer choir. The moot point is that all this will continue as long as it is profitable (for Saudi in particular). Styled statements [Faizal 2023] issued sonorously afar from blazing grounds and wailing families belies Saudi’s banner & burj. Should she take a frank & friendly stand (with sternness towards self, west, avoid pocket lining, as alike India) or support self democratisation on mile stone basis, the middle-east conundrum would start to peter. Difficult. Why ? Money mutilates. Oil makes things slippery. Arabia and Aviv oppose each other tooth-&-nail. However, either are जिगरी दोस्त (bosom friends) of the US ! Thus, US has two ‘nice friends’ of contrasting hue in Asia. Such peerless friends make mayhem more meaningful to the average American. Vast majority of the American citizens love-&-like it. Don’t feel sad, My Lord.

My Lord, let’s take a recurve (from the caption). Bangladesh was created in line with their public sentiments and participation. In 1970-71 they were fulsomely married to the sterling qualities and values of the Indian Constitution, law & armor. India shed blood and what not for arraigining independence for that resource-less, overpopulated, poor, small territory to become a sovereign nation. Handed over independence and walked out. A few years down the line the citizens of that free country flung the democratic political doctrines and replaced it with theological texts crowned by a military dictatorship. Such is also noted amongst many a South American continent nations which are all 100% Christian (no other religion is in that continent). In Africa, similar cases/stories are noted be they Christian or Islamic. China is Buddhist (mostly Vazrayana {poly theistic}) and she is light years distanced from democracy.

Declaring democracy as dead, replacing it with dictatorial system is not limited to any religion; is not faith foamed infatuation. The Bible; Koran; Tripitaka; Talmud; Geeta; etc., are not the fountain heads of anti-rule of law (*note-x*). The African or the S American cases get less reported and as well studied less as they offer less exploitables. The return on investment is gainful for Asian cases. Asia, is loaded with vast natural & profitably exploitable resources (liquid gold is almost at surface in the middle east !) and is marked by absence of frank, plural, plebiscite based constitutions. It acts as lighthouse of invitation for all externally caused/propelled deep troubles. Hence, large economic powers hunt in Asia. Democratic justiciable rule of law is the anti-dote. Absence of democratic institution is reason insufficient for nuclear powers to conduct any animosity. Should Persia or Syria invite & install Indian format of politicking, jurisprudence and policing, thence bombing from afar and interfering in their affairs will get to be pass. India has to export institutions (hardware) and processes (software). Can & do so lovelely. Opportunity, My Lord.

Pre to Americans, Lloyd George (Jalianwala Bag - Jewish ! {100yrs + period}) to Churchill [Bhattacharya-e 2014], et.al., period the crown’s subjects did so in the Indian sub-continent for forceful occupation. Nothing new ! Gaza-@- present is merely colonial-&-apartheid, version-2023. Revolt in Palestine is a cultural process having historical continuum with alterations and domain shift. When it comes to violence and right infringements in non democracies the top echelons of the powers that be are the culpable lot. Commoners not. In democracies it is the citizens who be. *Suo-motto* US involvement has wrought shame onto the Liberty Statue. From the out the US administrations and press clearly stand out as the asyclic initiators and perpetrators. How does it matter if far away (in simple folk’s lands) homes be hammered and hearths are extinguished – winning the ‘homeland elections is important’. US citizens are interested in ‘never before like profit’. How simple folks ? they who value family more than money; joint family; serve parents in person; invest in inter personal bonds; touch-&-feel; no guns in Holmes; enact laws with effective superintendence that prohibit blood or gore. Hence, simpletons. Indians, courts, press do not permit any American type (engineered) cohesive-collective anti-social activities by her administration’s in-or-outside borders. Indian civilization is a developing economy. US economy is a developing civilization ! Late ? Surely. Dawn is done, My Lord !

PROGNOSIS : Israel will eventually retain control of Gaza under American people's guile's gamp ? Official White Jail speech = Pack of lies ? Nothing new, My Lord !

Foreign Policy – Fail?

Colonial & apartheid powers – version latest - in the hands of *juventus* (D C., Aviv) has because an arrest warrant for Putin. Are yeomanly capable to put-in a few more. During the 75yrs before present N Americans have killed 4 million⁽⁺⁾ Asians. Reverse happened once @ 9/11. Dissection-&-discussion of the uncivil-&-disorders is scholar's fort-&-right. And, not setting things right. All rights (historically) may be relative wrongs. My Lord you have permitted frank articulation. Scholars of history-&-heritage cannot-&-do not order, 'Order-Order'.

Foreign policy's ethos is 'वसुधैव कुटुंबकम् (global family). Knee jerk reaction is nervousness, in-adept = Haste = waste. In case of the largest democracy the steel frame cushions it; accentuation is difficult. Repetition far off. Swift quenching also happens. Shooting at own feet is not foreign policy. In case of the richest democracy it happens too often. Primarily due to 'cash chase character'; 'beret the world to beat own drum'.

Passion creates friction. US is passionate about prosperity; obsessed about making a style statement; domestic urge is binge; seizing a proto initiative is considered as Caesar even by children grooming parents. To Flash Gordon on a platter an initiative driven offer was the 7\10 event. Gordon grabbed it in a flash although her legislative history proscribes [Nye 1935]. Aviv was in rare advanced talks with Arabia. Should have taken the Saudis alongside pre to any retaliation (*note-xi*). She is small. Should have given neutrals; allies; G-20; & in particular middle-east regional forums; sober stakeholders a chance for due diligence. Then strike. Topped with liberal doses of arrogance and confidant due her well sheathed deep tentacles on the either side of the Atlantic she declared HAMAS as the opposing national army. Himalayan Blunder. Her wish & plans of affecting-or-controlling world affairs is now a 'hot-flush dream'. Wealth is the gateway to the Global stage ! Aviv thinks & acts as alike UK of the c.19th and US of the present times. Any similes between US-&-Roman Senators ? However, there is difference in the models. In the case of Europeans adventure & chivalry was part & parcel. In case of Jews it is Solomon's formula and they are taught that since childhood

[Solomon]. Success has made Aviv a hawk. Her vassal status [Washington-b 2019] is getting exposed. Permeating US's echelons; transgressing every nook of Europe; long-drawn extensive successful anti-Russia activity; embroiling Europe in Ukraine & converting Russ's borderland (Ukraine) into conundrum; etc., was primarily due to 'a-Hawk in Aviv's High Office' [Kesgin 2019]. The poly masks have come off. Non-white nations (alike India) needs to burn mid night oil, My Lord.

Palestine lived in the hearts & sands of Arabia (*note - xii*). Post Gaza, she is better understood and welcome. Now on she expands globally. Aviv's self blazoning as problem solver of historical wrong shall lead to (i) every heart-&-mind will tend to treat Jews as suspects (ii) empathy less lesser beings (iii) people of fissiparous cravings (iv) expansionist (v) harbor of hidden agenda (vi) Jews merit being pestered i.e., life extension to such distasteful syndrome ~ sad (vii-a) down-turn of intra-arabic-nation struggle (vii-b) intersect squabbling reduction among them (viii) coalescing of HAMAS, Hezbollah & Fattah to form Palestine's NSF (gets closer?). Annihilation of HAMAS/Palestine? No. Why? for it is the US that is trying that. She, between 1970-2020 tried annihilation in many a locations on Earth; specially Asia. Failed in all cases. Aviv alone is resource insufficient. Annihilation of HAMAS-Palestine is ruled out. On the ground HAMAS has electorate base. Liberation or freedom seeking organizations (स्वाधीनता संग्रामी) – ultras included - have historically survived wipe off efforts. Why? the commoner constitutes such movements & forcings. Among the freedom pursuing methods the Gandhian अहिंसा (non-violent method) has always been the champion. The violent (Flash Gordon's choice) route to annihilate fire with fire has backfired; has given a life extension to any & everything extreme. Not good for neighborhood. Think-is-a-socho (सोचो), My Lord.

Bombard Asia: American Love: This Christmas, led by the Dems Americans have bitten a cake of dung? They are spitting on to the world. Historical parables need to be connected. Current politics offers great scope for compare-&-contrast with past barbarians. Such effort is scholastic heritage. Gaza already had an Iron Curtain [Wikipedia-a]. Another separator to ward off Palestine formation under banner 'thwarting militants' 'finishing off HAMAS' looks long. Why? nationalistic militancy is born and brought up, as well [Mylonas & Tudor 2021]. Gandhi was anti-terror [Juergensmeyer 2007]; Martin Luther Jr had said "*Love is the only force capable of transforming an enemy into friend.*" [Martin 2021]. Nelson Mandela was very critical about "American imperialism and support to colonial powers" [Bierling 2014]. The trio were successful against brutes and murderous democratic states. Since Hiroshima/Nagasaki, Gaza is the 6th occasion that American citizens for self interest are bombing Asia. Their government may enact a nasty-bruised-&-jeered withdrawal. The assurance is long drawn commercial loss. Bother not. They will blame X;Y;Z or projects viz., TAPI; IMEC and or engineer a 2nd 'arrest warrant' for Putin or even do worse to the Persians. American citizens My Lord seem to be capable (time-&-time) of doing any wrong onto the world civilizations. Finally, will tend to blame India @ 23. Absence of 'sarvodaya' (arousal of all) सर्वोदय is the hallmark of the US; will intensify more. They are light years away from Gandhi thought & wisdom. China cozy's up to all in the middle east due to such finger from heaven. Communism is given a parental infusion. Iran & Turkey becomes the darling of the Islamic world. Saudi Arabia's preponderance for the US has taken a hit and shall continue to be a subject of enquiry by serious scholars and ridicule by most? She has to gallop down the road of reformation. Democrats shall retire as stinking rich. Middle-East will tend to go back to Peel's prescription. Aviv shall like 'back to the drawing board' sans Peel's. Star-Link and other US commercial giants will be roped in by various global trouble makers. Even then, expect only small-to-naught (*note-xiii*). Russia has played the dice as alike the proverbial Shakunee (Hindoo theo-mythic character). Numerous Ph.Ds on offer? Yes, my Lord.

Christ's crucifixion in Judaea was state sponsored marked by appeal disabled, shifting responsibility, executive court, summary trial,

revision less, cunningness. The same is noted in the events related to our caption. Christ was seeking freedom of way of life (later Christianity). Crucifixion could not have been possible sans Rome's nod. Pontius Pilate the Roman Senator in charge of Judea (a Jew) got crucifixion executed and had washed his hands in public [Pontius 30 A.D.]. The faceless-majority was indicated as having 'killed Christ'. Post 7/10@Gaza we see Jew Senators viz., Blinken & Janets in charge. And, also the other characteristics including snake-cunningness. In Ukraine imbroglio & Gaza conundrum the onus is also noted to be shifting and the (faceless) majority is once again the villain. In Palestine\ Gaza the sought being political freedom. Aviv's sever-vehemence is identically despicable & revision-less. Is a live example. History seems to be repeating! Could not have been possible sans Capitol Hill. In either instance the phone 'Senator' is noted. The issues being freedom to practice, hegemony hunger, cunningness and complainant is also the prosecutor, etc., are apparent to the critical eye. American press-&-public are questioning violence and espousing the opposite. At inter-persona level Sanatanees (Hindus) keep a tab and or interfere in other homes & houses. Jews do relatively less. Others, comparatively much less. DC-empowered-Aviv is involved in intra-friend matters to the point of wrecking havoc e.g., betraying & dismembering peerless friends? So what! Merits *mandamus*, My Lord.

Mythology As Politics (Israel): Via a mythical covenant, Almighty had in some undermined time & place before present had promised a parcel of land on Earth to a mythical God-man called Abraham (*note-ivx*). Such Almighty (Pagan-?) has been indicated in subsequent editions of poly religious literature ('zero' legal value) as 'monotheistic Abraham God'. Since such God did not deliver at that instant moment Jew land formation did not materialize. Thus, such promise was re-visited by the stake holders and God regurgitated 3 times in mythic literature of unknown covenant down the chaotic mythical time line alongside Abraham's mythical family lineage until a mythical progeny of God called Israel (प्रथमाष्टमी i.e., 1st son) was born on Earth. *De-facto* (historically) such Israel was a mythical state in free space (Faithfull's mind) and in reality happened on Earth on 14-5-1948 around the Dead Sea. Alike Sanatan (Hindoo) Pagan's Gods were a many. Which member of the Pagan pantheon had granted such gift and why did she-or-he do so is also open to scholarly brain storming. The internal evidence is (i) Pagans predated the Jews and were the proprietors of caption territory (ii) Eastern Rome\ Byzantine\ Orthodox Christian centuries post execution of Christ remained as proprietors; thence Ottoman (Islamic 'Syrian Palestine)) and finally UK (Christian as 'British Mandate') with Yishuv; Christians & Muslims as co-residents [www-14] (iii) one of the pagan god was uptaken as Abraham God = Revisionism? (iv) 'Mandatory Palestine' a techno-legal jargon created "national home for the Jewish people" (v) Between *Balfour* Declaration [Balfour 1917] and Peel's Commission [1937] the phones 'Syria' & 'Palestine' were dropped (vi) a colonial imposition contested as unlawful by stake holders as in the high offices it meant as on ground 'Jewish State' implantation [www-15], fudge-fully (vii) hijack case? (viii) 'Palestine' phone & term is systemically associated with Islam and historically evidenced as such in Persian; Hebrew; & Arabic literature (ix) works out as Jews were not the proprietors till 1st WW i.e., 1920 (x) even post had no legal-or-political framework until 5\1948 (xi) Jews were striving for a 'faith based homogenous Jew Land' on the banks of the Oder (Silesia) and the Jordan (Palestine) drainage systems, respectively. Distension of desire, flatulence of deed, Diarrhea of data, constipation in solution, My Lord?

From time to time valiant euro armies swept each other's capital seats. The valiant US failed to enter Tokyo-Cellular Jail-Rangoon-Imphal-Kohima-Jerusalem-Cairo-Rome-Paris-Berlin-Kiev-Vienna or any. Belittlement & Jealousy seized Capitol Hill's psyche since then? These two character aspects has since been part of US policy? Hill was infected with bed bugs? (i.e., hearts committed to Jews and minds to money). Capitol outsmarted Kremlin by declaring the germination of the new nation called Israel? Israel is a product of cold war-calumny by extra mural lovers, My Lord?

Jew Autonomous Oblast (Province): In 1934 Soviet-Russ had already created an autonomous province (within USSR) exclusively for the Jews known as ‘Jewish Autonomous Region’ *alias* Jewish Oblast [Jewish-b]. The Russian Constitution in Chapter No. 3, Article 65 mentions such province as ‘Jewish’ & ‘autonomous’ and as a constituent of her ‘Federal Structure’ [The Constitution]. Historians, love to call aloud all ‘Revisionist Theories; attempts thereof; Guile’s Gamp; etc.,’. Internal evidence underlines that colonial democracy was trying to accommodate craving parties. Capitalist democracy is seen burnishing one. Sly thy name Demos-Kratos? Current politics is painting Americans as black. My Lord, Capitol Black?.

It is mistily as follows. In the WW-I Ottoman empire had sided with the Axis. Syria was its major Euro connect province called ‘*Vilayet*’ (प्रान्त). Following Allies victory that empire (middle-east\Asia) was gobbled by UK & France. Jordan (Trans {prefix}); Palestine (Syrian {prefix}) & Lebanon (Phoenicians {prefix}) were created off Syrian vilayet and apportioned to UK & France, respectively. Turkiye revolted against Sykes-Picot guile [Sykes-Picot 1916] & attained liberation (1923) against UK & guile. (Sikes {1916}; Kissinger {1975} & Blinken {2022-23} ~ Jews). Finally, Palestine (1920) & Israel (1948) were further begot from the same *vilayet*. All sub-vilayets call UK-US-&Aviv as historical ‘baddies’.

Fig. 4. Curtsey: Google Earth – Sat Pix. Screen shot. Correlate with Ref., 80;81 & 90. 1st exclusive Jew-Land called ‘Jewish Autonomous Oblast’. This address was located far from Europe to insulate the Jews from the marauding Euro-Christians. At address Dead Sea, Arabs were assisting until the phone ‘Palestine’ was hijacked (1920); was not fretting until 1948; was not opposing-&-countering until 1960 (supporting info, My, Lord).

Fig. 5. [https://en.wikipedia.org/wiki/Jewish_Autonomous_Oblast#/media/File:Map_of_Russia_-_Jewish_Autonomous_Oblast_\(Crimea_disputed\).svg](https://en.wikipedia.org/wiki/Jewish_Autonomous_Oblast#/media/File:Map_of_Russia_-_Jewish_Autonomous_Oblast_(Crimea_disputed).svg). The 1st Jew-Land on Earth. After Israel was formed they started mass migration out. Most opted for the Atlantic nations – US the most. Enlarged Political map of the said Oblast (province). It has a area of 36,000Sq Kms. Israel has an area of 22,000 Sq Kms. Kaliningrad Oblast measures 15,000 Sq km which is less than 50 of the Jewish Oblast. Communist Soviet land installed the largest ‘Menorah’ as the govt’s place symbol !

They did not attack Israel nor the baddies. Bombarding such stake holders is bad in law, My Lord.

Ideas: History & heritage scholars are intellectuals. Ideas are formulated thought or opinion [Merriam] *alias* suggestion as to a possible course of action. Herein meant not. In the promenade of scholarly writings, ideas have an entrenched position on a high perch and has been described as a aspect of “intellectual historians.....entrepreneurs of rhetorical repertoire” [WWW-16]. In middle-east, deserts have no dearth of distance. Between 1900 & 1943 the Jews on ground were asking for a ‘small\mini parcel of land’ while in far-away London on paper & proceedings devised a lot. In far-away deserts Islam interpreted it as deceit. This is the soul of the problem. The crux of the problem is that Jews got more than they had asked for, My Lord

With such historical complexities, how to fetch good peace? The Palestino-Yahoo wrench was settled by the UN vide its trifurcation plan (Map-1c). It is a unique solution as two bi-partite sovereign nations. Balfour’s bifurcation was better. It was a win-win solution. If either are not yet acceptable, thence, here are a few ‘not-final’ unique ideas. Jews are among the most nice people on earth. Are, cosmopolitan. They will like the following ideas en-mass. The Palestine-Gaza cunundrum can be settled via numerous routes (i) International Court of Justice – enforced by global coalition (ii) by a saint (Mahatma Gandhi mould) from among the concerned territory strife afflicted people – in such case all\any representatives (*note-xv*) sitting in occidental & Arab capitals have to be out - they are another level of self seekers, mongers & torpedo masters (iii) by political parley e.g., Russi-Modi. (iv) set up Asian Parliament at Sri-Nagar & Asian Supreme Court at Sanghai and square off (v) US can donate some land from within its homeland so as to form a US-Israel. Why ? Israelis have made US mighty. No doubt. Sans Jewish inputs Pentagon cannot retain its octopus grip on the globe. Doubt not. Israel is part & parcel of the US. And/or return a select part of Alaska to Russ and avail a select part of Ukraine (*borderland*) for organizing a new Jewland (vi) similarly, neighboring Arab nations can also

donate land for a cohesive Palestine. Why ? Jerusalem is not any mere warship place, it is a श्री धर्म क्षेत्र (apex religious region) and not for war. It is for love-&-joy.

Territory demarcation may be as follows. A circular region of 18 - 20km in diameter be drawn encompassing all the tri-super holy sites. Circle = all inclusive ‘neutral country’ for such geometry denotes ‘zero inclination for any party’ and denotes ‘inclusion of all’. A white fabric with a wheel at center having 8-or-16 spokes (alludes to The Buddha = intellect) may be its flag. All UN members contributing fiscally. Such circular intellectual region be declared & enforced as ‘mankind’s heritage neutral territory’ as alike Vatican. Status-quo frozen. Non can buy or sale any land from datum freeze. The E-W mid line extending from the sea (W) from NW of Tel Aviv extending towards Jordan border (via Dead sea) as the dividing line between Palestine (N side; with Ramallah or any as Capital) and Israel (S side with Aviv or any as the new-capital). Border = fully zero-militarised corridor (ZMC) of 500mts width only. A road cum railway from sea to neutral nation’s city centre occupying such ZMC. Either nation having gateways onto the ZMC. In caption context Palestine-Israel are Buddha i.e., entrepreneurs of intellect. Back to the drawing desk, my Lord (*note-xvi*).

Nepal is 7 times larger geographically. Her 2022 census load was 36million with density of 208/Sq Km. Israel’s census was 10million @ 410/Sq Km. So, anthropomorphically Israel’s is bursting [WWW-17]. Too many super brilliant people cramped in a quarter = restless behemoth = frothing trouble overflowing. This has inspired her (also) to unsettle the settled ‘Israel Question’ [UN-d]. She genuinely needs land (panacea). So too Japan; Taiwan; et.al. And, they eschew all that Aviv has been indulging in. Many a conflict across the globe shall then resolve. Jews the most lovely and इस्लाम प्रेमी (peace loving) people on earth will take to such new land(s) as do swans to water.

Caveat : In such श्री धर्म क्षेत्र hawks cannot contest for any Law maker’s seat elected or not, and also not be appointed nor can move in via self usurpation/carrier glide-in route as executive

(any nomenclature) for any High Office. No militia. Only, token regular army moored in insulated barracks. More of un-armed police.

The occidental cunning-brutes in order to facilitate initiative driven hidden agendas needed to mark their ever-presence in Asia. Thus they wave the oracle wand of Jeru as choice best because it is the gateway to Asia (geo-jurisdiction Asia). They put a frail-saint on a cross and instead of bringing him down have been going all around since two millennia. Peerless. They do so to lay a perpetual claim on Asia *alibi* Jeru i.e., over & above Jews-Islam-Buddha-&-Sanatan. If the Occident had no such agenda then Jews would have not faced what has befallen them. From the flow of documents it transpires that Jeru as The Christ's centre genetically belonged to orthodox Christians (Byzantine) – then to Ottoman (Islam {Sunni}) via conquest, whereas, its governorate was the Hashemite dynasty (Prophet's blood line in Syria {+Jordan} Sunni) and managed Jeru. From them it was tactically wrenched off by UK (via machination; lower datum being 1915). Since 1937 Jeru has been indicated unilaterally by them as a neutral/international zone. UK then off-loaded Jeru on to UN shoulders in haste in 1947. N Americans have been in with guns of boomerang (the least civil of the lot). The simple solution is (i) non Asians quit Asia. Leave Asia to God and goodness. Quit lock-stock-&-barrel (ii) all weapons, pelts-&-pistons in greater Palestine be quarantined (iii) bare-footed; bare bodied profoundly wise-&-patient Asians shall with license-of-love sit in salubrious condition and decide for Asia how to share-&-care. 1st Asian Parliament? Ideas are futuristic inventions and innovations. History & Heritage is भूत्. Scholars are critiques of भूत्. Should be barred from making inventions and innovations, My Lord.

The India Establishment: Lessons

Establishment (Brutus) Thy Lord, Namastoote ! Meanwhile (since 30yrs before present) the west in continuum invested in Armageddon for prosperity. Aviv invested in permeating US's echelons and in dismembering USSR. The non-govt Hindoos invested in family welfare and the govt., servant Hindoos invested in selfish promotion viz., non practicing Jews; Law makers; et.al., [Bhattacharya-f 2014]. India @ 23, shall soon release a cache of seasonal bounty (Odisha Sarkaar has laid the way). Self aggrandizement, academic dishonesty and merit murder are the focus areas of India. Middle East; Ukraine imbroglio are really not her priorities. The Middle East & Indian peoples have not lost each other My Lord. It is only either side-Brutus guilds that are culpable. For the warring parties (Ukr\Gz) the largest democracy of mixed ethnicity is of weight & consequence, yet someone is playing sly? The weapons that the IDF are using are a century advanced than that of the Indian defense forces. Due Brutus, the largest democracy too has lost the war alongside. In the battle field of 'merit murder', 'academic dishonesty' & 'plag' India-establishment is peerless. Winner pre whistle, My Lord.

In a multi-ethnic nation any disgruntled segment may per-chance decide to strike another. Gaza may be used as a precedence to deliver a body blow to the Indian constitutional mechanics. History has a penchant for repetition. In the case of Mumbai Serial Blast -2006 [Wikipedia-b], India handled it as per 'due process of law' which in turn was moored to 'procedure established by law' [BBC -b]. She did not order 'evacuate or face annihilation'. She did not send the armed forces although the colonial British administration used to (for 200yrs) and again the US-Aviv are noted in the caption domain. American citizens should learn. Civil society exists not in mobile handsets nor in the www. They breath through constitutional (i) institutions (ii) checks & balances (ii) judiciary.

It is election time in US & India. India shall keep sailing pseudo-smooth with her ultra-hyper salaried politocracy & non fading bureaucracy - the dealers-the wheelers high hoisted by merit murderers surrounded by pseudo patriots (technocracy) masterly jockeying as alike Russia of 2020. Indiaka armed forces shall continue with match-lock technology tom-tommed as 6th-8th Gen. Her scientific and engineering wherewithal shall continue to be

scoffed by extra mural experts; her gargantuan Govt., is an all phagositising establishment. Brutus will win. Shift of political power in the Indian parliament may manifold the malady. With Brutus around 'no escape'. Brutus was honorable [William c.1600]. Establishment is Brutus. Concurrent audit shops have been shut + much more. Israel is a vassal state. India establishment and a vassal state are honorable. Worry not, My Lord.

India Defense: Lessons: Defense of India goes via Palestine (short term). The best defense policy for India i.e., Bharat is a पंच-तत्त्व (pentagon/5-axis). (No.1) a unified well rigged regional command of immediate border nations to annihilate all and any Proxy war mongrels. Shall be economic, effective and because awe (No.2) Aim not for global domination or unnecessary-&-uncalled for leadership i.e., eschew any upstart approach (No.3) complete TAPI post haste (No.4) Extrite Pakistan out off the शैतान's (Satan's) grip and relieve her from quagmire (No.5) export democracy and build related institutions in the immediate border nations amicably-frank sans any hidden agenda. The real enemies of India, her neighbors and of all developing nations are all expatriates squatting in occidental capitals & enjoying largesse. It is only the rich/effluent democracies that wage and or up-regulate proxy war, initiating as a psycho war (as does the EU against India). Bound to do so as on one hand they have exhausted natural resources while on the other they need to maintain life style. Avoid hawks, befriending doves with debates on the floor of the house/s and frank data dissemination is the panacea. Peace shall descend and prevail in continuum transpiring into poly-fold prosperity; shall provide the needful to-&-for the forces i.e., शान-ए-शौकत (grandeur & pride) for the सैनिक (soldier) in the sub-continent, as well. On the topic of 'export' India should also re-visit the British model of patient-polite-politics. Defense of India with (long term) enlarging prosperity will be ensured if neighbors are democracies too. Contiguous culture will fulminate. Culture combats calumny. US has a shallow culture and calumny of fathoms deep, My Lord ?

Indian Sub-Continent: Lessons

My Lord leap increases visibility. A point besides our caption is leaping to the fore. There seems to be a 'common hand' in the Ukraine imbroglio and in the Gaza conundrum. (1) The US President (present day Caesar) Mr. Biden was made to convince that he is likely to get maimed or abducted during his visit to Kiev and hence should take a deceptive & uncharted rail route. Did so and cut-self's image out to look alike a coward (2) The same person was so convinced that he started 'Bombarding' & imposed a full 'food-&-medicine blockage' on a 'evolving nation i.e., Palestine - a miniscule sized province i.e., Gaza' – which was also under extensive occupation by her vassal. Gaza\Palestine were virtual land/state less and for freedom entities exhibiting belligerency and posing as ever battling. Eagle emerges as a predator-annihilator with pretensions plethora per-se. How many times in mankind's history? These many are now matter of scholarly inquest. A benign beginning would be with a visit to the गांधी समाधि, My Lord.

The US dared not to go into Rome, Paris, Berlin or Tokyo, so they in a flash (1945) created the *De-jure* politico-jurisdictional nation-state of Israel? Inferiority complex; jealousy; loss in competition or snake cunning democracy, My Lord? Anyway, she piped Soviet Russ to the post. Thus, the 'promised land be the present Israel' and not the 'Oblast'. There is also a unique tele-connection between mythology & present Israel via Eretz & Judea [JAO]. The name 'Israel' was kept away (secrete held by Ben Gurion?) even from US until nation formation hour [Kramar 2020] (looks like an bluff of good engineering). No such tele-nexus is noted in the case of the 'Oblast'. The Alexandria Protocol, 1944 [Wikipedia -c] had passed an resolution to form the Arab League. It came into being in 3/1945. Israel was curved out of Arab states, named so and on-ground formed in 5\1948. It caused consternation to the league excepting Jordan (thence known as Trans-jordan) which had helped in land provisioning-&-delineation (*note:: xvii*). The new nation Israel tacitly-&-forcibly commenced shoving neighbouring borders in a

continuous surreptitious expansion mode (with direct participation by the UK & US also) due to economic prosperity cum demographic load & habit. Israel's census leaped forged due (i) state sponsored 'baby boom' policy (ii) migration from across the world; specially from the Oblast (ii) internal evidences further prompts this pen to ask 'Is there any similarity between Ben Gurion & Zelensky's models'? History-&-heritage scholars stand at door step of excellent opportunities, My Lord. In run-up-to & post Gaza (the way US & Israel's global plans; programs; attitude & agenda has transpired) it will be a shade difficult for India (and likeminded nations) to accept Aviv as a reliable political partner? US comes out as 'shady Sam'? Aviv's covert mind rejected सर्वोदय (arousal of all). US was doing this all along. Jointly & severally the twain blended well, blinded all, My Lord. Such formula has worked and has earned tomes of prosperity & tonnes of wealth for the practitioners. It is time to count out the money that has come home! Possibly hence, the US citizens are doubly happy (Christmas@23) that in support of such myth based entity their supremely scientific nation is bombing an (freedom striving) historical entity. To such pungent & profound slyness it is ideal to wish 'Sayonara', My Lord?

Vis-à-vis the aforesaid the established fact is that (A) Buddhism encompassed 80% of Asia (on the occasion of emperor Harshavardhan's coronation ~ c.590-694 A.D.). (B) Sanatan predated in much of this expanse (say at least 50% of the 80%) which self converted and self merged (sans bloodshed or battle) to make the then Buddhist domain (C) Pakistan (Islam); & Myanmar (Buddhist) were part of India even on 1945 (D) Nepal was and remains a chaste Sanatan state. Should India wage any claim on any such nation the Indian Supreme Court will strike down that administration. Her people shall punish the politicians. Such checks and balances exists or not in the case of Israel & US? Research opportunity now gets new hinges & handles. Do not reserve your judgment, My Lord!

English & Frenchmen: Internal Evidence

The polite Englishman & the Neapolitan Frenchman with their havensack of guileful galloway bureaucracy had stepped into Hashemite Governorate (kingdom) i.e., Syria around 1915 ~ 100yrs post Waterloo (i) aged Islamic political set-ups were coasting. Broke up due occidental inputs (ii) Jerusalem was not a contested domain. Jews, Islam & Orthodox Christians were not confabulating. Internal strife afar even squabbles not reported. Within five years the Anglo-French 'axis of democracy' were (full speed) mining the natural resources [Gerali 2020] and minting money [Libcom 2006] for respective titular seals disguised as mere corporate. Such axis stayed put for three decades in Asia's middle-east and poverty gripped the domain (iii) whence, they departed (1915+30yrs) in 1945 they had wrenched off Jerusalem's ownership; fractionated the ground lines in such a manner (was never so pre to 1915) that caused unending turmoil; encouraged-&-prodded the Jews to immigrate; kept topping turmoil. Jerusalem issue was engineered in Paris; shifted to London and then finally across the Atlantic to DC (1920-2023 = 1 century). And, the Americans are doing the needful by raining death-&-destruction from the skies (in line with Occidental culture-&-heritage). Nothing new. Hence, our Caption. Internal evidence is also that the on-ground various regional houses of Islam were accommodating the Jews for over 400yrs and were trying the same for the neo immigrants. Not a single Islam personage was associated with the Nazi or the SS. Jews were also not confronting the natives nor doing anything even alike 'chance-misdemeanor'. 'Jews fight' is a misnomer. A few well covered extra mural hands are soiling (other than German). Arab wrath has turned onto the front office i.e., Israel. The principal Christian seat had been shifted from Jeru to Vatican during the Papal centuries – as a fall out of Crusade loss (c.1453). Interestingly, whenever Jews-&-Islam shed each other's blood around Jerusalem, the Vatican's in-press & in-public presence takes a down turn AND when Jews-&-or-Islam are fighting Russ or India the Vatican bears down i.e., a reverse syndrome is noticeable [CIA-2023]? The Polite and the Neapolitan bureaucracy are up-&-about. Danger looming long? Take guard, My Lord.

Concluding Remarks

History & heritage are a set of facts [Ohio 2021]. Facts = सत्यम्-शिवम्-सुन्दरम् (truth-joy-beauty) = सत्यमेव जयते (truth triumphs). History & heritage are the wise people's ways. Politics is the last refuge of scoundrels [George]. The road of history goes via politics. Current politics is history in the making. Hence 'no conclusion'. Only critical dispassionate discussion. Gandhian philosophy can be made the पारस पत्थर (Touchstone) by social scientists to revisit foreign policies of the nations and or the nasty. Our caption enables Initiative driven research. Our narrations & nosings as well, My Lord. Israel is a mini state [The]. She is virtually resource less (including tourism). Extremely over populated. During the period 1945-2020 her census has fold multiplied 10 times and whereas Palestine's has only doubled. She has exhibited military might well in excess of what Russ could exhibit in Ukraine. She emerges as a satellite state of the USA. Her resources are entirely technological and are reposed in the US Labs and some in the eastern Atlantic. She is bereft of natural resources. The USA has expanded into Asia surreptitiously (back door entry). In turn, Aviv permeated every echelon of the US's administration, public organizations & corporations (Janet-Blinken are tip of the iceberg). After that, she took on Warsaw Pact and dismembered it. Followed it with Russ and then inflicted incalculable loss in the Ukraine special military Op. She betrayed Russ My Lord? HAMAS in an operation of 3 Hrs killed 1400 Jews (& non Jews?). Israel in 33 days killed more than 16000 Muslims (including in womb /3rd Trimester stage). Biden says that Israel should not make the mistake of occupying Gaza (as was done in 1967) the reverse is happening; shall permatise with American inputs. Critical study & internal evidence shows that these averments are all lies & bluffs (as was in Korea; Kashmir; Kosovo; Vietnam; Iraq; Ukraine...). US-CEOs are given to making grand bluffs. American common man are happy as all this (mayhem; blood & gore) is bringing prosperity home. 'Taking an ass to the market and selling it as a horse' is their SOP cum cultural ethos (parent-to-child). That nation's global polymix ethos resonates it. The Indian sub-continent may be in danger? Israel & US are strange civilizations. Citizens of these two nations will be looked down upon – as suspects, My Lord.

Aviv blazoned self as the solver (A). Sought Flash Gordon (B). A + B = all pay heavy. More to come. Gordon has a long standing program to paint Russ as the lesser benefactor of Jews and post self as the messiah for Judea. Aviv & Capitol Hill are one & the same. Also are the obverse-&-reverse sides of global hegemony agenda-&-work-outs. Ma'am Hill has now set a firm footprint in Asia. She is now an Asian power also. Welcome. It is her answer to Cuba. Multi masks are coming off. Aviv because it. Palestinians\Gaza backed by Russ & her rallyers pulled the masks off. Alike historical ruthless sovereigns, Aviv-Hill bother least. \$ will do the needful. The superbly attired and dangerously-cum-uncivilly armed US-Israeli soldiers with an impatient administration posit as civilisation crushers. Capitol's pedagogy module's may see Peel's prescription being painted black and US aided-&-abetted bombardment as golden. Ethics and old civilisational grand values are items of disdain by the American public. Fully discounted. Why? because their money can buy everything save-&-except heritage. Hence they have been and (in caption domain) shall try strong to bombard historical & culturally rich Syria and Persia & vet every calumny thereof. Americans won't go on ground if the British be not. Cross border state sponsored terrorizing & heart wrenching bombings shall eventually stop even if non decry nor any demand! A re-do of Vietnam is unfolding. In Annam-Tonkin it was Franco-Yankee. In Palestine it is Yahu-Yankee. American citizens due their cultural-innate affinity to cause wanton bloodshed outside USA have bombarded Asia time & time (during the last 75yrs). For them, it will bring prosperity home. US is a strange civilization. Aviv has permeated all levels & echelons on the either side of the Atlantic. Capitol Hill and Tel Aviv jointly and severally are unimaginably rich in every terms including offence assets. In Gaza-Ukraine domains they rescinded the Gandhi. Also rescinded the dictum चाणक्य चले शान्ति पथ – (the) genius parade peace promenade. Have exhibited complete disregard with utter disdain for the UN, every international forum including G-20. India has been

assumed as 'on-board' – taken for granted. Belittled. The twine have Lost the War and much more their Foreign Policy [Walt 2023]. Loss of foreign policy in particular throws infinite opportunity for the social scientists. The democrats have also lost the up-coming US national election in spite of getting stinking rich due the Ukraine imbroglio (author's nosing-&-sensing). There is no सही दिसा –No-स्पष्ट नीती (no right direct-no frank rule). They have lost their bearings. Thus, gone berserk. Hence, the 'conundrum'. Yes my Lord, you have heard every word right. Indians (even scions of classical families) who post the oath-&-kiss of the Stars-&-Strips become US citizens hold Indian : bureaucrats, law makers, judges, et.al., as persons of petulance. There is something in that fabric and the furniture ? In caption domain American citizens have dumped The Buddha (intellect); The Gandhi (non-violence-&-dialogue) and above all New Delhi's diplomacy into gutters. Vis-à-vis their unfathomable grand guile the whole world stands flummoxed and slack jawed. The main culpable party committing cognizable offence with astounding *mens-rea* (guilty mind) is the deep uncivil component and the culture discounted ethos of the American civilization which is evolving (juvenile stage). All forms of non-democratic methods & models of governance; anti-self rule; extremisms; state sponsored genocides has been given an extended life line as such juvenile rules the roost. Gordon's flamboyance is all दिखावा सभ्यता (postured civilization). It is counter of 'The meek shall inherit the Earth' (Mathew, 5.5). State sponsored acts are historical process components. This communication is a minuscule component of the systemic responses (societal counter). The Israel question has been handled in a wisdom-less manner ? Typical American 'less-cultural' is resplendent. There is no modesty, miles away lies meekness. For sake of prosperity Americans will with elan some day diabolically alter their India policy ? Blaming their administration/s shall be Jackal talk (सियार की बात) ?

The hot 'Current Politics' @ 2023 are (A) Ukraine Imbroglio (see: Bhattacharya-a) and (B) Present Caption. Either will be History, tomorrow. Offer tomes-&-tonnes of opportunities for the scholars of Political Studies and History-cum-Heritage, respectively. A + B have inter-connect. Thus, may offer a (i) Thesis (ii) Anti-Thesis & (iii) Synthesis.

Thesis: {A} Asia (global east-by-south east ~ gE-by-SE) is a technologically developing continent with rich civilizations & deep plural cultures (mother continent). Has huge stocks of natural resources – that permits endless money making {B} North America (global north-by-north west ~ gN-by-NW) is an ultra developed continent; hyper rich with a juvenile stage civilization & wafer thin cultural burden. Yet, has a smart policy of conserving own while exhausting other's {C} contests between {A}-&-{B} manifests asyclically, with abettors, sleeper, drummers, et.al.

Anti-Thesis: {A} has exported to {B} a large number of its best enabled marvelous brain-&-brawn power who all are assisting {B} to look east for heightened meaningful exploitations. Thus, a case of contrast-based-confabulation about possessions & ability has arisen. Motions about organized opposition by the precious preservers {A} against the puffed purse {B} has been pushed aside; deflected; fudged-&-fobbed; traumatized; torpedoed; via six episodes of bombings of {A} by {B} using atoms; napalm; agent orange; Abu Gharib; carpet bombings; cruise; proxy war; Kashmir-Khalistan, innovating Taliban; enabling Zia; etc. Has resulted in sterling outcomes for {B} guilds-&-groups. Ongoing My Lord, however with reducing return-on-investment (RoI); failure of foreign policy. Synthesis needed.

Synthesis: {B} has to maintain the common minimum living standards which is well over-&-above the London-Berlin best cut. Why ? for the latter's time is pass; squatting-&-posturing is now their gold-standard. Squatters are विचौली (middle men); are expensive; whiners; ginners; anglers-as-angels; undependable lot. Need elbowing & shoving on case basis. This exposes the hidden, the embedded and permits citations as 'internal evidence'. Hence, a synthesis has also

been innovated. {B} has (directly) stepped into {A} i.e., Asia as part of 'mere need based expansion'. {B} is implementing it via a *modified mare clausum* –MMC (Portuguese overseas trade policy of the c.17th A.D.). Via the aegis of Angle entrepreneur Aviv {B} got ferried and have installed selves firmly in a resource hub of {A} that is nearest to {B}. With Henry, tried Sino, it boomeranged. Thence Pak-Zia-Taliban, it too did not fit well {ancient land = belligerent}. Presently prospecting India. Between the Asian quartos of strange-bed partners (Pak-India-Israel-China ~ piic) the most resource less has been more-than-willing. Success by {B} in divide-&-loot has becaused icterus to {A}. Thus, {A}'s wrath-&-dismay is now more directed towards self. In other words, Asia is angry, contesting and confronting the one-man-out. However, interestingly, with their grievance {A} is queuing up to the gene i.e., {B}. Piquant? Yes indeed. The largest democracy on Earth has failed its mother continent. The model is SMMC wherein 'S' denotes 'silent'. {B} is now an Asian paw. It is defending its vital-asset i.e., homeland@overseas with might. Affront the learned bench of history-&-heritage this pen concludes this *desideratum* My Lord, with pain-&-agony.

The Mss., was originally written in its 'A-to-Z finding form' for Almonde (franco phone News portal), France. After receiving it with enthusiasm they somersaulted. So did all of white printers-publishers. Zion zeal permeated Kyaa; anti Asia; Neapolitan apartheid (masked as anti-Putin); Islam phobia; habitual plag; ground breaking data killer? Expanded version was welcomed by Jor Editor (Prof J. Basukala) ... "no problem with us. Academic writing might be any topic. Authors can express their views". Herewith delighted to dispense with Love & Regards. India is in Election mode – thus stressed pressed with domestic agenda. Yet, Hers & like minded nation group's historically vetted foreign policy stands out. Averments are bounded, butted and protected by academic freedom of speech & expression. He was the PM of the India Govt in exile. But the father of the indian nation held out on common law grounds; arbitration-&-dialogue as tools and asked the colonial power to "Leave India to God Quit India" they did quit but not before they trifurcated the subcontinent with many more infraction possibilities (Radcliff Line, 1947). This created overnight new nations. Pre to that in 1937 the Peel Commission had also trifurcated the whole of the Syrian Palestine including

‘daulat-gaza’ (stronghold property?). This also had created overnight the new nation of Israel – which now has subsumed 75% of the conjoined nation territory (MAP-2).

It had a coat of Arms and a Flag. This is the 1st Jew Land. In 1936 Israel (present land) had a Jewish sub-population of 3,84000 and a non Jew sub-populations of 9,82,000, only. Thus the Oblast was a pure Jew Land and Israel was Islamic! {<https://www.jewishvirtuallibrary.org/jewish-and-non-jewish-population-of-israel-palestine-1517-present> }.
